\$410 Accident On West Middle St.

Damage totaled \$410 when two cars collided Thursday evening at 7:15 o'clock at the intersection of W. Middle and S. Washington St.

Borough police said Mrs. Virginia D. Lanza, 25, 137 E. Middle St., was driving west on W. Middle St. and when the traffic light turned to red attempted to stop her car. The brakes failed and the vehicle continued into the intersection.

Bernard C. Knox, 50, of 11 Steinwehr Ave., driving south on S. Washington St. started his vehicle across the intersection when the light changed in his favor and the front of his car hit the front side of the Lanza vehicle as it entered the intersection.

Damage was estimated at \$350 to the Lanza car and \$60 to Knox's vehicle. According to the police report, no charge would be brought against Mrs. Lanza because her car had been in a garage for repairs of its brakes two days earlier.

STOCKS EDGE UP

NEW YORK (AP)—Approval of a railroad merger and some other favorable items of corporate news helped the stock market to a moderate advance early this afternoon. Trading was routine.

The ticker tape ran late in a brief spurt of heavy trading following news that the Interstate Commerce Commission had approved the long-pending merger of Atlantic Coast Line and Seaboard Air Line Railroad.

Each of these stocks ran up as much as 2 points in the flurry of trading which immediately followed the news, but they simmered down quickly — both holding fractional net gains.

The FBI would not say whether the raid was related to the Sinatra case but neighbors questioned by federal agents said they surmised it was.

Nor would the FBI comment on the Tribune story. An Associated Press reporter who tried to reach Sinatra Sr. during the night at his ex-wife's home in the Bel-Air section of Los Angeles was told by an FBI man that Sinatra would not comment on the Oakland report.

TELESCOPIC LENS

The Tribune identified its informant only as a director of one of the San Francisco Bay area's largest liquor distributorships. He said he was told a camera with a telescopic lens was used to photograph the pickup of the \$240,000 ransom package in West Los Angeles.

URGES SCHOOL DIRECTORS TO USE BEST PLAN

Adams County's school directors were urged Thursday evening at their annual convention in Littlestown to "lay aside past prejudices and give full attention to developing the best education plan for the boys and girls of the county."

That advice climaxed an address by Dr. Herbert E. Bryan, New Oxford, director of the bureau of school district organization in the state Department of Public Instruction, on the provisions of the state's new school district reorganization law.

Under the law, the Adams County School Board must file in Harrisburg by next July 1 a plan for school district reorganization for the entire county.

"BEST FOR THE MOST"

Dr. Bryan listed provisions of the act the "repealed and buried" the controversial Act 591 of two years ago and said:

"I truly hope that my discussion tonight has contributed in some way to that planning effort and that you will arrive not at the plan that is easiest to get but the one that will enable you in the future to do the most for the boys and girls and the community and provide as much of the best education possible for as many children as possible."

After Dr. Bryan's address, he was questioned by a panel of school administrators and school directors.

ANSWERS QUESTIONS

In answering questions, Dr. Bryan brought out these facts about the new school law: The county board has more responsibility than before in developing the new county plan; present mergers and jointures and individual school districts would disappear into newly-established districts in the number and within the lines established by the county board.

Teachers could be moved about within the newly formed school district or districts at the direction of the board and administrators.

Dean Asquith, Biglerville, New President Of County Board; 3 Members Elected

DEAN ASQUITH

Dean Asquith, Biglerville, president of the Upper Adams Merged School Board, was elected as the new president of the five-man Adams County Board of School Directors at a reorganization meeting Thursday evening following the annual county convention of school directors at the Littlestown High School.

Asquith succeeds William M. Lott, Huntingdon Twp., who retired from the county board with the expiration of his term on the township board.

Three positions on the county board were filled at the convention's business session. Glenn M. Haar, president of the New Oxford Merged Board, was elected for a six-year term after having served two years.

TWO NEW MEMBERS

When Earl B. Hartzell, Fairfield, ending a six-year term on the county board, withdrew as a candidate for re-election, Fred H. Hartlaub, Mt. Pleasant Twp., vice president of the Littlestown Joint School Board, was elected in his place for a six-year term. Hartlaub's term on the board will begin next July 1.

Clark H. Wildasin, Conewago Twp. director, was elected to serve out Lott's unexpired two-year term on the county board. He defeated Joel H. Zepp, Huntingdon Twp.

In the contest for the two six-year terms on the county board, Charles L. Spangler, East Berlin, was nominated from the floor. There were scattered votes for Hartzell although he had withdrawn and for Spangler but Hartlaub and Haar were elected.

HARTLAUB IS TREASURER

At the board's reorganization meeting, Haar was elected first vice president and Wildasin second vice president. Mr. Hartzell was elected as treasurer to serve until the expiration of his term July 1. He succeeds Asquith as treasurer. Hugh C. McElhenry, Straban Twp., continues as board secretary.

At the county board session, the board voted to submit to the state Board of Education the petition of the Bermudian Springs Joint School district for a merger vote in the May primaries. The county board earlier had approved a similar step for the Fairfield jointure and that request is pending in Harrisburg.

The board elected Mrs. Nadine S. Fazenbaker, 34 N. Stratton St., as a part-time secretary in the office of the county supervisor of special education. She will be paid \$50 a week for four days' service.

The board directed the county superintendent of schools to submit to Harrisburg a revised budget for the possible operation of a migrant education program in the county next year.

A complete, beginning-to-end account of one of the most dreadful chapters in American history—the assassination of President Kennedy and the events that followed—is being prepared by the Associated Press in a book titled "THE TORCH IS PASSED."

This newspaper has arranged to make it available to all its readers at the very reasonable rate of \$2 at The Times office, or \$2.25 by mail. It will not be sold through bookstores.

Delivery of this handsome, large 10 by 13-inch hard-cover book will start about December 30. You can order right now by filling out the coupon on Page 3 and mailing it to The Gettysburg Times now.

COLOR PHOTOGRAPHS

It will include color as well as black and white photographs, some already classics, some published for the first time.

The moving narrative will trace in detail the events to the instant of the tragedy, Lee Oswald's full history, the last happy moments of the Kennedy Texas tour and the last sad journey to Arlington. It will cover the president's death at the hospital, the transfer of power to President Johnson and how the word reached the other Kennedys, the nation and the world.

The story will be told by famous AP byline writers who witnessed and recorded the four days of tragedy. And there will be the words and deeds of many others who found themselves, somehow, playing roles on the stage of history.

The whole story, concise, complete, lavishly illustrated, will appear in this one book. Order your copy now.

Students would attend the area technical school on a half-time basis while the other half is spent at their regular studies.

WILL DISPLAY CHURCH GIFT HERE SUNDAY

At the Sunday morning worship service in the Presbyterian Church the newly dedicated Communion sacramental vessels given by the Presbyterian Church to the Lutheran Theological Seminary in appreciation of use of their facilities during the church building program will be on display on the Communion table in the sanctuary. Dr. Donald R. Heiges, president of the seminary, said at an Advent service in the chapel when the vessels were dedicated:

"The Presbyterian Church in Gettysburg made use of several buildings of the Lutheran Theological Seminary in 1962-63 during the reconstruction of its own building on the southeast corner of Baltimore and High Sts. We of the Lutheran heritage were honored in having those of the Calvinist heritage as our guests. We were especially gratified to have worship services held on Sunday mornings in our chapel."

SPECIAL DESIGN

"This evening we are dedicating sacramental vessels which are the gift of our Presbyterian friends as an expression of their appreciation for the use of the chapel as well as the library and the administration building. These sterling silver and gold lined vessels of Georgian motif in keeping with the Georgian colonial architecture of the chapel have been especially designed and crafted by Hurst Franklin, Ltd., London, one of England's most famous silversmiths. The chalice, paten, ciborium and flagon will be a perpetual reminder to all who come to the altar in the Church of the Abiding Presence of the whole family of Christ and particularly of the members of the Presbyterian Church in Gettysburg. Together they comprise a most beautiful gift for which we are deeply grateful."

The Adult Choir will sing two anthems: "The Rose Carol," Old English, with duet by Mrs. Donald Cordell and Mrs. David Long, and "Gloria to God" by Handel. The pastor's sermon is entitled "In the Fullness of Time."

FUNDS FOR TRANSPORTATION

He noted also that there will be state reimbursement for transportation under reorganization even if the county plan involves a second class school district which has never before been eligible for transportation funds.

Dr. Bryan explained the procedure of developing the new county plan, provisions for its submission to Harrisburg and the various stages at which aggrieved districts may take appeals. He described the conditions under which an Adams County plan would get "automatic approval" at Harrisburg if it does not provide for fewer districts than were in the county plan as of September 12, 1961, and if no districts are smaller now than they were then.

First on the convention schedule Thursday afternoon was entertainment by a Littlestown girls' sextet and a welcome by Supervising Principal Paul E. King, Littlestown. The girls' sextet was under the direction of Mrs. Ruth W. Elder with Carolyn Kump as pianist.

Ike's "Mandate For Change" Is A Warm Personal Account Of 2 Terms In White House

When a President writes a book about his White House experiences he has one of several choices of approach.

He can (1) "knock heads together," which is what some members of both parties would like him to do; (2) admit the mistakes his opponents think he made, or (3) write a factual report of exactly what happened during his term of office.

Dwight D. Eisenhower, 34th President of the United States, chose to give the people a factual report of his eight years in the White House in "Mandate For Change," and Col. John S. D. Eisenhower, who has worked closely with his father in the preparation of the two-volume manuscript for Doubleday & Company, publishers, described some of the mechanics involved for The Gettysburg Times.

The first volume, which was serialized by 25 metropolitan newspapers in October and released to retailers early in November, covers the first term, starting with General Eisenhower's entry into politics in 1952 and ending with his memorable announcement to newsmen on February 29, 1956, that "I have reached a decision," to seek a second term as President.

REVIEWS VARY

The reviews have varied. A few have been extremely critical. Some 40 per cent have been enthusiastic and the rest have been between the two extremes. "Mandate" is a history of events concerning the political and psychological development of a new kind of government for the U.S. — one in which the entire world had to be considered in a new light. The President's task in 1952 was one for which no precedent had been set, no formulae had been established and no records of success or failure had been written. It was a new chapter in the history of the U.S.

General Eisenhower has no pride of authorship and is totally objective about his writings. But, while he wants people to read what he writes, he insists upon accuracy and detail in "Mandate."

24 CHAPTERS

The first volume is comprised of 24 chapters of 610 pages, and includes 32 photographs and illustrations. And while it is an historical record it is presented in a warm and personal style. It starts with the candidacy in 1952 and advances through the subsequent stages of election, the Korean War, Indochina, Formosa, the Geneva Conference, his heart attack and his decision to run for a second term.

General Eisenhower's success as an author was assured in 1948 with the publication of "Crusade In Europe," a report of the second World War. It was dramatic, colorful and exciting, and swept to the top of the best-seller list almost overnight. It was chosen a Book - of - the - Month selection and sold 292,000 copies in the trade edition alone. It has been translated into several foreign languages and has been reprinted in paperback. The latest figures from Doubleday show that it has sold more than two million copies and still is one of the nation's most popular nonfiction books, a publisher's "dream-come-true."

FEW CORRECTIONS

General Eisenhower wrote

"Crusade" in 80 days in an easy-flowing style that relayed all the drama and adventure of the war in Europe. He made few corrections or changes from his original copy. It took nearly two years to prepare the manuscript for the first volume of "Mandate."

President Eisenhower began working on his White House Years in May, 1961, after his return from California where he went shortly after the inauguration of President Kennedy. He wrote the first three chapters before coming back to Gettysburg, where Miss Lillian Brown, now his private secretary, and Col. Eisenhower had set up a Doubleday branch office to assist him in the President's home on the Gettysburg College campus.

MANY DELAYS

At first he tried to reserve three days a week for the book, but soon he was dictating to his secretary between appointments, trips, conferences and other commitments. As a result, the first draft was not completed until July, 1962, and it was nearly an entire year before it had reached the final stage of publication.

In August, 1962, Col. Eisenhower, who had concentrated on the research duties, went into "shirt-sleeve" sessions with several Doubleday editors who spent the entire month in Gettysburg editing, questioning, elaborating and consulting. In December, 1962, proofs were ready for the inspection of certain individuals who were familiar with the subjects covered.

The deaths of John Foster Dulles and General Bedell Smith meant additional research in the foreign fields. Dr. William Ewald Jr., who had been a member of Eisenhower's White House staff, assumed the responsibility for basic research in domestic affairs. Dr. Ewald took a two-year leave of absence from International Business Machines to assist in the work.

DAILY LOG

One of the "Bibles" of the research department was a mammoth loose-leaf calendar notebook in which every minute of every day of his eight years in the White House are listed. Not only are the hour, day and year recorded, but every person who was scheduled to attend a conference or meeting with the President, plus those who were unable to attend and who was substituted to confer.

What prompts Presidents to write books?

General Eisenhower feels that "it is a President's duty to the people to give a detailed report of his activities as Chief Executive," says Col. Eisenhower. "But I hope he also will write other books on other subjects." He recalled some of the amusing and humorous stories his father tells about his early life and the humorous experiences as a young Army officer that "are interesting and entertaining."

Whether or not he writes another book, General Eisenhower has an agreement with Doubleday to supply articles for the Saturday Evening Post with some regularity. The Post has published eight of his articles since the fall of 1960, the most recent of which appears in the current issue and is concerned with assassinations. Doubleday acts as his literary agent with the Post and has first rights to all his writings, except for nonprofit

one fired at a crow, missed it, and hit somebody's pet cat or dog?

Cats and dogs will hear

through the canine and feline grapevines that in Gettysburg all birds are fat and juicy because of the humane concern of the townspeople, who, in the off-tourist season, erect elaborate feeding stations and well-balanced diets for birds. They will hear on their scent waves that there are no restrictions on the privileges permitted to four-legged inhabitants of the town.

They will be even more impressed when they learn that sanitation facilities are unlimited because of the shortage of fireplugs in most sections of town.

They will race in from all directions when they learn that execution by firearms is reserved for such public nuisances as crows and pigeons.

What they don't know, though, is that most Gettysburgians can't hit a crow unless he's loitering around a bird-feeder.

COURT RULES OFFICER NOT TAX GATHERER

PHILADELPHIA (AP)—Pennsylvania's Superior Court has ruled that an officer of a corporation is not a tax collector and therefore can't be accused of embezzlement for not turning over sales taxes to the Commonwealth.

The court upheld Thursday an order of the Allegheny County Quarter Sessions Court which dismissed an indictment against Marcus Shafer, president of the Keystone Universal Carpet Corp. of Pittsburgh.

Shafer was charged with embezzlement last January for allegedly failing to turn over to the state Revenue Department \$30,177 in sales tax between December 1961 and June 1962.

NOT A COLLECTOR

Judge J. Colvin Wright, writing the court's unanimous opinion, said he agreed with the lower court because Shafer is "not clothed with any of the powers of a tax collector to enforce payment."

The Commonwealth sought to reinstate the indictment on grounds Shafer was a vendor under Pennsylvania law and, as such, was charged with the collection, safe-keeping or transfer of any taxes of the Commonwealth.

But Judge Wright said that since the prosecution of Shafer was improper and had been thrown out previously, Superior Court could not rule on the contention that the corporation actually was the vendor and that any prosecution should have been instituted against the firm and not against its officers as individuals.

BURY MRS. WINAND

Winand, East Berlin, who died at her home Tuesday morning, were held this afternoon at 2 o'clock at the Emig Funeral home in East Berlin with her pastor, the Rev. Harold R. Stoudt, officiating. Interment was made in the East Berlin Union Cemetery. The bearers were Mervin Lau, Marry Nell, Richard Herman, John Brodbeck, Marion and Robert Hoke.

FHA Council Plans Christmas Activity

The Future Homemakers' Association county council meeting was held Tuesday at Bermudian Springs High School. Each chapter brought a different item of food to be served as refreshments.

Deanne DeGroft, president, presided at roll call. The girls from the different chapters told of the things they had done in the last month and of their future plans. The president then listed things to do before the next council meeting.

Each chapter brought some items made of candy canes which will be taken to the Adams County Home to be used to decorate the Christmas tree there.

The girls and the teachers exchanged gifts. Following the gift exchange the "Add-a-Bit" books were assembled. The next meeting will be held February 11 at Gettysburg Senior High School. The "Add-a-Bit" covers will be made by the Bermudian Springs High School chapter.

RENTED HOUSE NOV. 14

Mr. and Mrs. Paul Belford, owners of the raided home, said they rented the place Nov. 14 to a man who identified himself as Frank Long. Mrs. Belford said the man was about 30 years old, about 5 feet 9, slight of build, light complexion, and blond.

She said she saw him only once, when he rented the house. Neighbors said he was seen in the area as late as Tuesday. The neighborhood postman, Cletus Scollon, said he delivered no mail to the most recent occupant of the home until Wednesday, when he left a package. He said the package was not in the mail receptacle when he made his rounds Thursday. He couldn't remember the name on the package.

COURT GIVES GIRL TO PARENT

PHILADELPHIA (AP)—Pennsylvania's Superior Court has ordered a five-year-old girl to be removed from the McKeesport, Pa., home of her paternal grandparents and returned to her mother in Beaumont, Tex.

In a 4-3 decision Thursday the court reversed a lower court verdict and gave Rose J. Lovell custody of her daughter, Carolyn Sue. The girl had been living with her grandparents, Mr. and Mrs. George Shaw.

Mrs. Lovell divorced her husband in Texas in 1962. Judge Harry M. Montgomery said in the majority opinion that Mrs. Lovell, who has another child younger than Carolyn Sue, "may need more help than she is receiving (but) nevertheless we think she is entitled to the privilege of having her child and sharing her love with Carolyn Sue."

REPORTS COLLISION

John J. Reimer, Springs Ave., according to the police call sheet, reported to borough police Thursday afternoon that his car had struck a parked car owned by Chester "Mac" Thompson, Bensersville, on York St. early Thursday morning. He told police he had left a note for Thompson in the car when he was unable to find an owner about and had insurance to pay the damage.

"Archaic Girl," a five-foot bronze sculpture by Prof. Norman L. Annis, Gettysburg College, won the \$500 Corcoran Gallery of Art prize at the biannual sixteenth area exhibition in Washington, D. C., and two other cash awards for a total of \$660. It also was purchased by the gallery for permanent exhibition.

In 1962, Americans consumed 640 pounds of dairy products apiece.

NBC'S SHOW OF WEEK SUNDAY ON GRID STAR

By CYNTHIA LOWRY

NEW YORK (AP)—The biggest problem involved in making a television program about a sports figure is attracting viewers who normally avoid telecasts of games.

NBC is confronted with such a situation Sunday night. Its late-evening "Show of the Week" explains how a young University of Mississippi player became the No. 2 quarterback on the New York Giants football team.

Producer Robert Northshield says he and his camera crew approached this specialized biography of Glynn Griffing with the non-football-watcher in mind.

SPECIAL HANDLING

"We tackled it as the story of a guy with an interesting occupation," he said. "We try to show a fellow who has deliberately chosen a hard, bruising way to make a living."

The show was ordered almost a year ago. Northshield proposed to follow a college star from the campus through his first season in professional football. He wanted a quarterback.

"The reason we picked Griffing was that it seemed probable he'd be the successor to Y. A. Tittle, a very popular player, with the Giants," Northshield said.

Today the Giants are contenders for the Eastern Division championship of the National Football League, with the critical game with the Pittsburgh Steelers coming up on the afternoon of Northshield's "The Making of a Pro." The hour-long biography will be finished after the game by adding some shots of the play and extra commentary immediately before broadcast time.

Recommended weekend viewing:

Tonight — Bob Hope Comedy special, NBC, 8:30-9:30 EST — Bing Crosby and Jack Benny pinch-hit for the ailing star in a show which also repeats some taped comedy bits in which Hope appeared.

Sunday — "Of Sights and Sounds," NBC, 3-4 p.m., special children's show consisting of music and drawing by Lisl Weil; "A Cry of Angels," special, NBC, 4-5, drama based on the life of composer Handel with Walter Slezak and Maureen O'Hara; "The Making of a Pro," NBC, 10-11.

Mission, Chicago, was runnerup.

Mr. Dewitt was graduated from Amherst College and the Episcopal Theological School. In 1960 he was named suffragan bishop of Michigan, a position which does not carry the right of automatic succession to the head of the diocese.

Herbert L. Smith To Wed
Local Co-ed: Mrs. Edna Minnich, Ramsey, N. J., announces the engagement of her daughter, Miss Betty Jane Minnich, to Herbert L. Smith, son of Mr. and Mrs. Charles H. Smith, West Broadway.

Miss Minnich, graduate of the Ramsey High School, is a member of the senior class at Gettysburg college. She is a member of the Delta Gamma sorority.

Mr. Smith was graduated from Gettysburg high school and is also a senior at Gettysburg college. He is a member of the Phi Gamma Delta fraternity. For three and one half years he served in the army, 12 months of which were spent with the Third Army in Europe.

Rush Already Underway At Post Office: "Mail early, if you would avoid possible delays in having your Christmas packages and Christmas cards delivered, because of the Christmas mail congestion," was the warning reiterated today by the post office department.

"Business is rushing" at the Gettysburg post office, Postmaster Lawrence E. Oyler, said today. Here, as in other post offices, the Christmas mail is ahead of last year's holiday rush.

Hundreds of Christmas packages and cards are being received to be placed in the mail each day now, the postmaster said.

Post office patrons were again warned that the supply of 15-cent stamps was limited and would soon be exhausted. These can be used on unsealed Christmas cards.

Kills Rattler As It Basks In Sun: No one has yet come forward to interpret the occurrence as a sign of spring's approach but a 40-inch rattler was killed in the South Mountains Tuesday morning as it sunned itself on a rock.

The bright sun Tuesday morning and Monday afternoon when the temperature climbed into the sixties apparently lured the rattler from its winter lodgings. Mountain men said rattlesnakes seldom appear in this area in December.

The snake was killed by James Lentz, a Department of Forests and Water employee who was working with a crew engaged in painting the state land boundary lines through the mountains.

Lentz counted 13 rattles and a button on the reptile. It was killed in Means' Hollow on the slope of the mountains in the Shippensburg section.

Slifers Coming Home From Africa On Furlough; Plan Reunion Here On Christmas: It should be a glorious Christmas for the Slifer family of Gettysburg.

They will gather here from widely separated parts of the world for their first family reunion in nearly three years.

All of them except to be here for the holidays with the exception of Miss Ruth Slifer, who is a teacher in Kodaikanal, India.

Mrs. Matilda Slifer and her ten-year-old son, William, who is better known as "Teddy," arrived at Fall River, Mass., Wednesday a board the steamship, African Pilot. They came from Africa where she and her husband have served for the last two and a half years as missionaries for the Lutheran Church.

Mrs. Slifer expects to meet her husband, the Rev. Luther W. Slifer, in New York next week when he flies home from Monrovia, Africa. They will come to Gettysburg where they will join five of their children at their home alone the Emmitsburg road, a mile south of town.

Today's Talk Building Of JFK Memorial Library Will Be Speeded

ASSOCIATION

We little realize the power of association. We are shaped by it, physically, mentally, and spiritually. The artist who has no time for second-class things is habitually inspired by the examples of the masters. Thus it is with the writer, or with anyone else engaged in a useful occupation.

I have never forgotten the statement of a champion tennis player who once told me that she always chose better playmates than herself with whom to play. As a lover of fine writing and really great literature, I have sought to have only books of this nature in my library — so that I might gain inspiration for any mood in which I might find myself — in this manner seeking to improve both my thinking and my own writing, such as it is.

It is inspiring to be in the presence of superior people — and by this I do not mean those who have a smattering of fame, or who have gained some sort of temporary popularity — but those with superior minds. And I am glad to say that I meet such minds often in the most obscure places. I meet such minds in letters that come to me — minds that are genuine, sincere, and unalloyed.

The more understanding a person is the nobler is his caste, no matter what manner of birth he may have been. It is always the quality of a mind that makes it outstanding. People's associations show in their faces, in their very walk, and in their attitude of mind toward life. A lover of beauty is bound to carry beauty around in his or her face.

The white pond lily comes up from the black muck — but it rises above it. So can any human being, no matter what his associations, rise above them, take his stand out in the light, and radiate beauty as does the same white flower of the pond.

Old Jail Not Sold; Offer Of \$7,650 Too Low: The old Adams county jail property on East High street was withdrawn from sale by the county commissioners Wednesday afternoon, when the commissioners decided that bids made at the public sale at the jail site were too low.

The sale was conducted at 2 o'clock with D. Edwin Benner as auctioneer, and the property was offered first in two parcels, the lot 118 by 180 feet containing the jail building and sheds, and then a vacant lot on the east 60 by 180 ft.

Only one bid was made for Lot No. 1, \$5,000 being the offer. The bidding for the vacant lot started at \$500 and closed at \$800, and then the auctioneer put up both pieces of property as one.

The last bid offered was \$7,650. A ten-minute recess was declared, but with no higher offers, the commissioners declared the sale off and withdrew the property from public sale.

CAMBRIDGE, Mass. (AP)—

The assassination of President John F. Kennedy will hasten construction of the only memorial he is known to have planned for himself, a monument labeled his dearest wish.

The project is a library to house his papers and effects on the Harvard University campus where Kennedy was a student in the late 1930s. He selected the site for the library several months ago.

Kennedy could not foresee the irony in the site selection. A building a few hundred yards away bears the title "New England Book Depository Library." A harsh reminder of the Texas School Book Depository in Dallas where the assassin fired the fatal shots.

INVITE DONATIONS

The late President's brothers and Harvard President Nathan M. Pusey outlined details last week for construction of the \$6-million library. They invited people everywhere to contribute toward its construction "as a tangible expression of love and respect."

Harvard donated more than two acres of land for the building on the site Kennedy inspected Oct. 19. He was assassinated Nov. 22.

Pusey said Harvard would not build on land close to the library.

A "FITTING MEMORIAL"

"Nothing will detract from it," he said. "We want it to be a fitting memorial to a great president."

Atty. Gen. Robert F. Kennedy heads the corporation raising funds for the library and Sen. Edward M. Kennedy, D-Mass., is the group's vice president.

Just Folks

AT A FLORIDA DRESSING STATION

When you are dallying with the rich
Down in a tropic clime,
You dress for breakfast, after which
There comes your golfing time.
So at the club with other men
You must undress and dress again.

At noon you strip to take your shower,
Your flannels then you don,
But you undress within the hour
And a bathing suit put on,
And when your ocean dip is o'er
You must undress and dress once more.

The garb you wear at eight o'clock
You must not wear at three,
'Twould give the millionaires a shock
That same old suit to see,
So up you go to change your duds,
Your shoes and socks and shirt and studs.

Floridians say there's much to see;
That trees are all in bloom,
But you've no time for scenery
You're in your dressing room
Unbuttoning and buttoning up
From breakfast till the hour you sup.

But when the restful night slips down
You speak a grateful prayer
And don the good old slumber gown—
The garb you longest wear,
And as you jump in bed, you say;
"Here ends the dressing for the day!"

The attorney general said his brother "has been deprived of the personal enjoyment of such a library, but its speedy construction would be his dearest wish."

"The thousands of his fellow citizens who have been eagerly seeking a way of honoring his memory may find this memorial library a most appropriate way of carrying out their wishes."

The proximity of other schools, such as Massachusetts Institute of Technology and Boston University, was among the reasons Kennedy approved the site.

He wanted the library to be accessible to all the schools, but not too far removed from the Harvard library, which boasts the largest college book collection in the world.

The site commands a sweeping view of the Charles River where scores of Harvard crews have rowed to game. It faces rows of old buildings that house the men of Harvard. They include Winthrop House, where Kennedy lived as an undergraduate.

BARMAID ACT OF 1878 IS UPHELD AGAIN

PHILADELPHIA (AP)—Pennsylvania's Superior Court has upheld an 85-year-old law forbidding female employees from serving alcoholic beverages from behind a bar, but in another decision said it is all right for a woman who owns at least half interest in a taproom to work behind its bar.

Those were among the decisions handed down Thursday by the Superior Court sitting in Philadelphia.

Judge Robert E. Woodside wrote the opinion upholding the state's barmaid act of 1878. The case came to the Superior Court on an appeal from Westmoreland County. The Superior Court's decision upheld the suspension of a restaurant liquor license issued to Walter Kovalchuk, who operates the Mill Cafe in Monessen.

PROTECTION FOR GIRLS
Woodside said it was not necessary for the judges to determine what the legislators had in mind when they passed the barmaid act to keep female employees from working behind the bar.

"The provision may have been adopted to protect the 'working girl' from the vulgarity and violence which have a greater tendency to develop at a bar than at most other places," Woodside wrote. He said the provision is not a recent development and it is not peculiar to Pennsylvania.

Judge Harold L. Ervin wrote the decision in the other case. He ruled the liquor control board was properly denied the right to suspend the liquor license of the Sparta Hotel in Crawford County because Mrs. Louise Anderson served whiskey from behind the bar. Mrs. Anderson owns 50 per cent of the stock.

Ervin noted that the wife of a licensee is permitted by law to serve liquor from behind the bar and added, "This being so, there is no good reason why a woman who is the owner of the license should not be permitted to do likewise."

\$72 Million In State Appropriations Near OK

By THE ASSOCIATED PRESS

HARRISBURG (AP)—Some \$72 million worth of appropriations for state-aided institutions are rolling toward final approval, probably at a midnight session tonight.

The House gave preliminary approval to the 38 Senate-passed bills at a brief session Thursday.

Within an hour the bills were officially received by the chamber, referred to committee, approved by the Appropriations Committee and returned to the floor.

NEED 3 READINGS

The constitution requires three separate readings of bills before final passage.

House Democrats twice refused during the regular session of the General Assembly ended Aug. 1 to give the votes to pass the measures for the colleges, universities, hospitals and other private and public organizations.

A two-thirds majority — 140 votes in the House and 34 in the Senate—is required because the money passes out of state control.

CUT TO 108 VOTES

House Republicans had only 109 votes at the time and that has since been reduced to 108 by a resignation.

The Democrats had held out for what they called a fair and equitable reapportionment bill. The reapportionment issue was completed, if not settled, this week when the Republican-controlled chambers voted on

bills to redraw legislative district lines.

SENATE IN RECESS

Following that, the Democrats announced they would support the bills because the money is needed immediately by most of the beneficiary institutions.

The bills are being considered at a special session called by Gov. Scranton to deal only with the appropriations. The reapportionment special session is running concurrently, but will probably be adjourned this week.

The Senate, having nothing to do, is in recess until Saturday morning, when the appropriations session is expected to be ended.

Saturday's Games
La Salle at Bucknell.

A strong second half climaxed by George Strouse's jumper with five seconds remaining in the game gave the Gettysburg College basketball team its first win of the season as the Bullets turned back Bucknell 59-57 here Thursday evening. It was the first home game of the season for Gettysburg and also the first Middle Atlantic Conference game for Bucknell.

Trailing by a 31-21 count at intermission, Bob Hulton's squad began to exhibit excellent form and turned what looked like a rout into a victory. Chris Sirms, Doug Szegda, Roger Gaekler and Doug Kepner poured through 10 straight tallies to open the second half and knot the count at 31-31. After the lead changed hands three more times, Szegda and Kepner hit for three baskets to give the Bullets a 44-38 advantage.

THRILLING FINISH
Gettysburg maintained its short lead up to the last minute of the game. Lorry Hathaway connected for three points with 45 seconds to go and tied the score at 57-57. Gettysburg then worked the ball down court and a pass to Strouse on the left side of the key for the last shot was successful. John Matthews attempted a desperation shot for the Bisons at the buzzer but the ball missed its mark.

The first half started out as a repeat of the first three games, despite two new faces in the lineup, Jim Ruck and Bob Morris. Bucknell jumped to a 6-2 lead after the first five minutes and during the last 10 minutes of the initial half the Bisons gradually built a good lead. Hathaway and Tom Mitchell paced the visitors in the first 20 minutes.

The Bullets rebounding improved greatly in the second half which accounted for the success of the home opener.

Gettysburg landed 25 of 59 shots from the field and pulled down 46 rebounds. Bucknell connected on only 22 of 65 field attempts but managed to grab 48 rebounds. Unlike the story of the first three games, the Bullets had four men in the double figures column. Kepner and Szegda netted 12 points each while Strouse and Gaekler each registered 11. Hathaway was the big man for Bucknell with 23 points followed by Larry Kozella and Mitchell with 10.

FRESHMEN LOSE

The Bucknell Freshmen took a 10-point lead at the half and never lost their stride as they downed the Gettysburg yearlings 61-47 in the preliminary contest. Matt McMonigle and Norm Herz topped the little Bisons with 15 and 14 points respectively while Dick Stewart netted 14 for Gettysburg. Bruce Wilson and Steve Satir each chipped in with 10 tallies.

Coach Bob Hulton's outfit will entertain Johns Hopkins Monday evening. John Carpenter's Frosh, 1-3 on the season, will meet York Junior College in the 6:45 preliminary.

TWO LATINOS TO FIGHT TONIGHT

By MURRAY ROSE

NEW YORK (AP)—Rocky Rivera and Florentino Fernandez, a couple of Latin American middleweights who are able exponents of the art of blocking punches with their heads, clash in a return television fight at Madison Square Garden tonight. Rivera, a chubby Argentine with a jaw of steel, whipped the tall, bull-shouldered Cuban exile in their first meeting at the Garden on Nov. 1. Rocky was a 4-1 underdog that night and he's rated below Fernandez for the second fight but at lesser 8-5 odds.

The 24-year-old Buenos Aires boxer and the 28-year-old Fernandez, now a Miami Beach resident, traded punches for the full 10 rounds in their first war at the Garden.

Rivero has a 40-8-1 record, including 36 knockouts. Fernandez' record is 36-7, including 30 knockouts.

The 10-round fight will be telecast nationally by ABC-TV. Starting time is 10 p.m., EST.

EAGLES SIGN CONCANNON

PHILADELPHIA (AP)—Jack Concannon, Boston College ace quarterback and a top prize in the recent professional drafts, was signed Friday by the Philadelphia Eagles of the National Football League.

The versatile 200-pounder was the No. 2 choice of the Eagles and was picked by the Boston Patriots as the first player selected in the American Football League.

The Eagles declined to say how much they paid for Concannon, but the price was believed to include a sizeable bonus.

An Eagles spokesman said, however, that Concannon asked for only a one-year contract. They said he wanted to see if he could make the grade.

Austria's Tyrol is the site of the 1964 Winter Olympics.

Cookie Gilchrist Is Near Record

NEW YORK (AP)—Buffalo's Cookie Gilchrist can become the first player in the American Football League to hit the 1,000-yard mark in rushing two times with a 135-yard pickup against the New York Jets in their game here Saturday.

Gilchrist set a one-game rushing record by ripping the New York line for 243 yards and five touchdowns last Sunday, bringing his total for the year to 865 yards.

Gilchrist holds the AFL rushing record of 1,096 yards, set last year. In this season's race, he trails Oakland's Clem Daniels, who has two games to go, by 17 yards. It would seem unlikely he can overtake and hold off Daniels.

FAVOR GIANTS AND BEARS TO WIN BIG ONES

NEW YORK (AP)—The New York Giants and the Chicago Bears are the picks here in Sunday's "big ones" in the National Football League, setting up a Giants-Bears title playoffs at Wrigley Field Dec. 29.

The NFL season ends Sunday with the conference championships hanging on the final games. Unless the Green Bay Packers stumble over San Francisco Saturday afternoon, the Bears will have to beat that tough Detroit club Sunday to be sure of winning the Western title.

Pittsburgh has a chance to win it all in its game with the Giants at Yankee Stadium. New York needs a victory or a tie to nail down their third straight Eastern crown. The Steelers would take the title on percentage points .727 to .714 if they beat the Giants.

SHOWDOWN IN AFL

It is showdown weekend in the American Football League, too. The Boston Patriots can clinch the Eastern Division by winning at Kansas City Saturday. San Diego could wrap up the Western Division by whipping Houston if Oakland loses to Denver.

A perfect 7-0 weekend in the NFL and 3-1 in the AFL boosted the season record to 63-23-5 in the NFL and 25-17-3 in the AFL or a combined total of 91-40-8.

NFL
Here we go again—all games Sunday unless otherwise indicated:
Green Bay 35, San Francisco 14 (Saturday)—Packers must win to keep hopes alive. A victory and a loss for the Bears Sunday would give them the title. A tie and a loss for the Bears would set up a playoff. This one on national (CBS) television.

Chicago 20, Detroit 17—They will play this one close to the vest with a field goal the likely margin.

New York 31 Pittsburgh 24—Giants will have Y.A. Tittle this time and Alex Webster is ready. Steelers will roll on the ground with John Henry Johnson the key, but Y.A. will do more damage if Giant pass blockers can handle Pittsburgh's rush. The battle will be won in the line.

FAVOR COLTS, BROWNS

Cleveland 28 Washington 21—Jimmy Brown riddled Skins in opening game 37-14 victory. Rumors say Bill McPeak's job may be at stake.

St. Louis 31, Dallas 21—Charlie Johnson pitching over the running of the Cowboys but nothing like their 34-7 romp on opening day.

Baltimore 28, Los Angeles 14—Johnny Unitas on beam and Rams are vulnerable to air attack. Colts bitter about 17-16 loss Nov. 24 on a field goal.

Minnesota 24, Philadelphia 21—Ron VanderKelen gets a starting chance for Vikings for first time. Eagles should be ready for supreme effort to save jobs and Nick Skorich's scalp.

AFL
Buffalo 42, New York 14—Cookie Gilchrist after that 1,000-yard season again with 865 yards. Jets hurting with quarterback Dick Wood lost for season.

Boston 24, Kansas City 21 (Saturday)—Pats wrap up first title but Chiefs showed 1962 form in rolling over Denver last week. Kansas City could win it.

Oakland 28, Denver 10—Al Davis' Raiders are hottest team in the league with six straight, including two over San Diego.

San Diego 27, Houston 17—Oilers will be tougher at home than in 27-0 shutout at San Diego two weeks ago.

The famed Eddystone Light was erected in 1698 off the mouth of Plymouth Harbor, England, by Henry Winstanley, who said he wished to meet "the biggest storm that ever was" in his tower. Five years later, one of the greatest storms in England's history swept away the lighthouse, crew and Winstanley.

MIAMI (AP)—Jockeys are particular about their pants, and if you think that doesn't present a problem, ask Mrs. John D. Sheehy.

For 15 years this motherly-looking, middle-aged widow with a Tennessee twang in her voice has outfitted America's leading riders and her colors have been on everything from cheap claimers to Kentucky Derby winners.

She has two women helpers, and their workshop in a modest home on the outskirts of Miami is crammed with cutting and sewing machines, patterns, helmets and bolts of silk and nylon in all colors.

MANY REQUIREMENTS

In addition to jockey pants and caps, Mrs. Sheehy turns out shirts in the colors of thoroughbred stables and blinker hoods for horses.

While much of Mrs. Sheehy's business comes by telephone, telegraph or mail, many jockeys call in person to try on their pants and insist on a perfect fit from waistband to ankles. They sell for \$35 a pair.

The pants must be fitted so they won't sag when the jockey walks out into the paddock but won't bind when he mounts a spirited thoroughbred and draws his knees up under his chin. There must be room to pump those tiny legs in the heat of competition, too.

SHIRTS ONE SIZE

The pants are made without belt loops or pockets, with an adjustable strap in back and buttons in front. The tops are of nylon but they're elastic from calf to ankle and fit snugly around the lower leg.

A rule of the Jockey Club calls for riders to wear helmets, and Mrs. Sheehy makes caps to fit these.

Shirts are made in one size, full in the shoulders with ample room for action. If the sleeves are too long, the boys tuck them up with rubber bands around the wrists.

SHE CARRIES ON

Nell Sheehy once worked in a garment factory in her home town of Milan, Tenn., and John Sheehy owned horses. After their marriage they traveled from track to track by trailer. Every time they pulled into a trailer park, word spread that a seamstress had joined the colony. At Narragansett Park in Massachusetts she made some jockey pants for Frank Harris, a valet.

This led to other orders and when Sheehy's health failed, he sold his horses and said to his wife, "You make the pants and I'll sell 'em."

Sheehy died in October, 1951, but Mrs. Sheehy was encouraged to stay in business.

LION ROOKIE PRACTICES ON CEMENT POSTS

DETROIT (AP)—If the Chicago Bears erect a stone wall in Sunday's crucial game with the Detroit Lions, that'll be all right with Ernie Clark.

The Lions' rookie linebacker warms up for a game by ganging into concrete pillars.

"I've seen a lot of guys do weird things getting ready for a game, but never one like Ernie," said Detroit Coach George Wilson Thursday as the Lions drilled for the battle at Chicago's Wrigley Field.

TITLE AT STAKE

A Detroit victory, coupled with a triumph by Green Bay Saturday, would give the Packers the National Football League's Western Division title over the Bears.

Clark, a 220-pounder who works out of the left linebacker position, is one of Detroit's newest defensive weapons. Assigned to the spot at mid-season, the former Michigan State player developed fast as a try-to-get-around-me pro type.

HURTS TO WATCH

He has been particularly helpful since injuries sidelined a number of the Lions' defensive standouts.

Someone told Wilson about Clark charging into the concrete pillars under Tiger Stadium. So the coach decided to watch him last Sunday.

"Coming out of the locker room, he stopped by one of those pillars and whump! He whacked it with his arm and shoulder," Wilson related. "Then whump! He hit it with the other. I hurt just to watch him."

Warriors Play At Susquenita This Evening

Gettysburg High School's unbeaten Warriors will go after their third straight Blue Mountain League decision tonight when they meet dangerous Susquenita at Perdis.

Susquenita showed surprising strength before bowing at Big Spring Tuesday 61-50 and expect to give the Warriors a rugged battle.

Biglerville, surprise winner over Camp Hill, invades Boiling Springs for another BML game.

Bermudian (1-2) and Delone (1-1) will be out to rebound from Tuesday setbacks when they clash at York Springs.

Fairfield, losers of both games to date, will attempt to get into the win column at the expense of St. Joseph's of Emmitsburg in their game at Fairfield.

New Oxford (1-2) is host to Dallastown, recent conquerors of York High.

NYU IS UPSET BY TOLEDO AS LOYOLA WINS

By BOB GREEN

Associated Press Sports Writer

It was prophetic. Just before second-ranked New York University took the court at Madison Square Garden for a game with unranked Toledo Thursday night, the NYU cheerleaders raced on the court toting a huge banner.

"We're No. 1," the flag boasted, erroneously proclaimed. Right in front of the cheering section one of the cheerleaders got his feet tangled in the banner and took a tumble.

A few minutes later, so did NYU.

TOUGH ONE FOR LAUGHS

The Violets were out-rebounded, out-manuevered and thoroughly played off the court by the fired-up Rockets, 87-74. Top-ranked Loyola of Chicago, the only other ranked team in action Thursday, had to work hard for a 105-102 decision over Western Michigan.

"I've been saying we've got a helluva team," jubilant coach Eddie Melvin of the Rockets, now 5-0 for the season, said. "Now maybe they'll believe me."

"How did I feel going against the No. 2 team? Hah, we should be No. 1 or 2. I've been saying we should be one of the top ten teams. This proves it."

BROKE NYU STRING

They barged out to a quick 14-lead, using a spread-out, wide-open offense, and simply took it from there. They moved calmly, deliberately on offense and used a harassing, shifting man-to-man defense that forced the frustrated Violets into mistakes.

It was NYU's first loss in four games. And while the Violets were willing, the top-ranked Ramblers from Chicago Loyola had a severe scare thrown their way by Western Michigan before escaping with their fourth straight victory.

OTHER RESULTS

Little Manny Newsome, a 5-foot-10 sparkplug, was the chief tormentor of the defending national champions, throwing in 44 points. Ron Miller led the winners with 33 points.

On-rushing but unranked Oklahoma State remained unbeaten with a 71-64 triumph over Brigham Young.

In some of the other major ones, Rhode Island handled Brown 77-62, Iowa edged Southern Methodist 73-70, Oklahoma City bombed San Francisco 97-84, Providence whipped St. Louis 72-66, Colorado beat Houston 72-61, Notre Dame blasted Valparaiso 107-80, Texas Christian won from Florida State, 66-60, Memphis State romped over Marquette 88-74, Miami downed St. Mary's, Calif., 101-86, Villanova just got by Buffalo 58-56, Massachusetts walloped Boston College 93-74 and New Mexico edged Denver 49-43.

HOCKEY COACH IS TESTED FOR SPACE AGENCY

By BOB HOOBING

Associated Press Sports Writer

BOSTON (AP)—If you doubt hockey is a strenuous game, just ask America's astronauts and the medical profession.

If there is any question about lowly Boston playing it to the hilt, Chicago's National League leaders can straighten you out.

The Bruins climbed out of the NHL cellar for the first time in three years with a rocking 2-1 victory over the Black Hawks Thursday night during which Coach Milt Schmidt on the bench was "wired" in a top secret space agency test.

Veteran Dean Prentice disregarded a deep gash behind his right ear and scored his coveted 200th major league goal. After he had the wound closed by five stitches and sustained a solid rap on the nose, he provided the screen for the winning goal, a 50-foot back-hander by defenseman Tom Johnson.

WORE GIRDLE

Two of Chicago's four losses in 27 games have been to the Bruins, who stand 2-2-1 vs. the Black Hawks. Boston left sole possession of the cellar to New York, which was beaten by Montreal 6-4.

While he paced along the bench, Schmidt, a former NHL great, wore a girdle-like device with small recording and send equipment.

Dr. Warren Guild of Lexington, Mass., a former distance runner, headed a medical team conducting the electro-cardiograph and related biological tests.

"We want to find out Coach Schmidt's reactions to stress and strain," Dr. Guild said. "We are not at liberty to tell who the information is for and how it will be used until it is cleared by Houston."

The data will be sent to the national aeronautics and space administration headquarters in Houston.

DAVID LITTLE IS ELECTED BY FIRE COMPANY

David S. Little was elected president of Alpha Fire Company No. 1 at the December meeting held on Tuesday evening in the engine house with 47 members in attendance.

Others elected to office follow: Vice president, Marvin Miller; secretary, Dennis W. Wallick; treasurer, Paul E. Altoff; truck foreman, Carl Wantz; fire chief, Richard Stuller; first assistant fire chief, James P. Hahn; second assistant fire chief, James Collins; hose foreman, Robert Nester; chief nozzle man, Robert Morgret; trustee, Clyde E. Harner; trustee of the relief fund, Ralph L. Staley; chaplain, Harry W. Badgers. The election board consisted of Fred A. Miller, Ivan D. Rickrode and Robert C. Koonz.

President Clyde Harner conducted the session which opened with the group singing of "America" followed with prayer in union. There was a discussion concerning the purchase of a new base radio. The trustees reported that after contacting a representative of the Motorola Company, it was learned that the old radio could be repaired for between \$300 and \$600. The firemen decided to purchase a new 100 watt set, antenna, remote control and extender unit for \$1,177 plus the old set.

ANSWERED TWO CALLS

Receipts were \$263.70, including a donation of \$200 from the Alpha Ladies' Auxiliary to be used toward the purchase of a new base radio. Bills ordered paid totaled \$684.61.

Truck Foreman Joseph H. Redding reported on repairs and work on equipment and requested a new started switch for one of the trucks and a five-pound can of grease. The company voted to comply with the requests. Fire Chief Richard Stuller reported that the company answered two calls since the last meeting, one to Mt. Joy Twp. and one to Carroll County, with no damage.

A communication was read from the community bicentennial committee. It was decided to hold the 1965 company carnival and parade in connection with the Littlestown 200th anniversary observance. Walter C. Myers, Carl Wantz and Glenn E. Ohler were appointed to serve with Harry W. Badgers, Jack E. Bebert, Dennis Wallick

WOMAN'S CLUB MEMBERS ARE RITTER GUESTS

Members of the Woman's Community Club of Littlestown and vicinity were the guests of Mrs. Luther W. Ritter, chairman of the Home Life Department, which served as a program committee, for their annual Christmas party Wednesday evening at the Ritter home on Glenwyn Drive. The opening ceremonies were dispensed with and a brief business session was held, which included reports by Mrs. Paul E. Altoff, and Mrs. Sterling J. Wisotzkey. Mrs. Edward H. Leister, president, was in charge. Thank you notes were read from Mrs. Stella Rider and Mrs. J. Harvey Pettyjohn. Mrs. Walter D. Shoemaker was welcomed as a new member.

Those members of the club who have not contributed foodstuffs or cash for the baskets to be packed for the less fortunate families of the community for Christmas, are asked to take their donations to the home of Mrs. Charles W. Weikert, W. King St., on or before December 20. The baskets will be packed by the Home Life Department, Mrs. Emory Gitt, chairman, on Saturday, December 21, in the social room of the Eagles Home. Members of this committee include Mrs. Robert H. Miller, Mrs. Audrey Osborne, Mrs. Monroe J. Stavelly, Mrs. Paul E. Altoff, Mrs. Carrie Strine, Miss Glenna Place and Mrs. Willis Snyder. Anyone who knows of a family who should be remembered, is asked to give the name to Mrs. Gitt.

Mrs. Charles W. Mrs. Weikert requested a good attendance. The possibility of sponsoring a record hop for the young people of the community was discussed and the president asked for a volunteer committee.

Mrs. Leister thanked the hostess for her hospitality and for the program arranged, which was in three parts. Christmas Devotions, a film strip of the Christmas story interspersed with paintings by old masters, and with musical accompaniment of carols, which the members sang, was the first part. Mrs. William T. Gingrow, president of the Arts and Crafts Club, showed and explained a large variety of Christmas decorations which had been made by members of the club, including wreaths, one of which was made of English walnuts; trays, centerpieces, and ceramics. Several members of the Community Club are also members of the Arts and Crafts Club and their crafts were included in the selection.

The final portion of the program was the appearance of a group of carolers seen through a Christmas decorated picture window, who after singing carols out-of-doors, came indoors and will be exchanged. The hostesses will be Mrs. Feeser and Mrs. William M. Ebaugh.

The annual Christmas dance for students of the Littlestown Senior High School and their guests, faculty and guests, will be held from 7:30 to 10:30 p.m. on Saturday in the general purpose room of the Rolling Acres Elementary School. A MIGHTY, SHORT STORY

His name was Luke. He was a physician. But history knows him best as the author of the most beloved story in all literature: the Nativity story.

It contains only 416 words, but it has had a greater impact on the minds and hearts of men than any long novel, play or poem.

For more than 1,900 years it has been read and cherished by all

kinds of men. It has been translated into more than 1,300 languages and dialects.

It has inspired a tremendous library of music and masterpieces of art.

And, as always at Christmas, this year it will be read in millions of churches and homes, keeping alive: "Glory to God... on earth peace, good will toward men."

PUSH STUDIES TO SHUT BASES IN DEFENSE CUT

By FRED S. HOFFMAN
A.P. Military Writer

WASHINGTON (AP) — The Pentagon pushed ahead today with studies likely to lead to more military base closing moves in the year ahead — an election year in which such actions could be politically risky.

The studies are being conducted under the direction of Thomas L. Morris, quiet-spoken assistant secretary of defense in charge of installations and logistics.

LEANS ON EXPERTS

Secretary of Defense Robert S. McNamara, who announced a new batch of 33 base shutdowns and cutbacks Thursday, leaned on the methodical surveys and analyses of Morris' experts in deciding which installations to keep and which to drop.

Over a 3½-year period, the move will cut off about 8,500 civilian jobs and result in a reduction of about 7,800 military personnel, McNamara said.

MAY CLOSE SHIPYARDS

The defense secretary indicated there's more to come — and that some of the Navy's shipyards may fall victim to the McNamara efficiency test and the Johnson administration economy drive.

Obviously pleased, Morris told The Associated Press the \$424-million-a-year savings now projected from more than 430 base shutdowns and cutbacks nearly hit the bullseye of a cost reduction target set almost three years ago.

He forecast the Defense Department will be able to reach a \$600-million plateau in such savings in about three years.

\$600 MILLION CUT
McNamara said Thursday about \$600 million a year is a "reasonable objective" to be achieved through further reductions in the 6,700 bases and installations in this country and overseas.

Most of the 400 base eliminations and curtailments ordered since March 1961 were spaced out and handled without national publicity, although there were local announcements.

Why, then, was it decided to deal with the latest 33 base cutbacks in a group? And why

with a blare of trumpets? REVIEW BUDGET

Some Pentagon officials said the appraisal of base efficiency comes to a sharp focus at the end of the budget year—that is, when the new budget is being put in its final shape.

This is such a time, and could explain the decision to lop off a number of bases in a search for the last measure of economy.

As for the wide publicity, this likely stems from the Johnson administration's demonstrated desire to impress its frugal-mindedness on the country.

While economy in government is politically appealing, it carries certain risks. Thus, a community which loses a military base and several thousand jobs could resent such economy at its expense—and vote accordingly.

Lawyer Offers Theft Solution

TUCSON, Ariz. (AP) — City Atty. Calvin Webster thinks the Tucson police department has some sound advice to help curb auto thieves.

Earlier this week Chief Bernard Garmire urged motorists to be sure to lock ignition switches to reduce car thefts. City records show that Web-

TROOPER DIES IN SUBSTATION

TUNKHANNOCK, Pa. (AP) — State Trooper Robert Gaughan, 44, died Thursday night in the State Police substation here, shortly after he was stricken with a heart attack while investigating an accident. He had been stationed at Tunkhannock 13 years.

Gaughan, a native of Dunmore and a state trooper 17 years, had returned to his station after investigating a two-car collision two miles away in which the Rev. Joseph J. Nallin, pastor of churches in Tunkhannock, Lake Winola and Lake Carey, and three other persons were hurt.

Most seriously injured in the crash was Mrs. Anna K. Petrush, housekeeper of Father Nallin. She suffered a probable fractured skull. The priest sustained a broken arm and other injuries.

Bruce Steele, 15, and his brother, Gregory, 14, of Tunkhannock, also were hospitalized.

ster's car, stolen last week, was recovered three days ago. That was one day before Garmire issued his appeal.

Webster's car was found with the ignition still unlocked.

WHEN WAS CHRIST BORN: CHRISTMAS DATE REMAINS MYSTERY

Imagine celebrating Christmas in August!

Christmas might well have been in that month, for many scholars estimate that the true date of Christ's Birth falls late in August or in early September.

The exact month, day and even the year of Christ's Birth has been disputed for centuries. It will probably never be known because the Bible offers few clues, ancient manuscripts differ, and calendars have been changed too often.

The setting of the Day as December 25 was not even made until 354 A.D. The date was decided by the Church, then under Pope Julius I.

WHY DEC. 25

It is not known for sure why December 25 was chosen as the day, but it is thought that Christian leaders hoped that by celebrating Christmas about the same time as the Roman holiday, Saturnalia, and the European winter solstice, the impact of the pagans' festival would be lessened.

Also, a very early Christian tradition, recorded by St. Chrysostom and other writers, held that Christ's Birthday was December 25.

And December was the time of many winter festivities in all civilized lands.

Even now not everyone celebrates Christmas on the same day. At one time and another, the festivities have been held in January, March, April, May, October and November. And almost every month has been "proven" by some scholar to be the month of the great event.

Today, many people celebrate His Birth on December 6 and January 6. And other days in December and January are "Christmas" in some places.

But no matter when Christmas is celebrated, it is always, everywhere, a time of rejoicing and feasting in honor of that happiest of all days.

ALL KINDS OF MUSIC

Once a group of kindergarten children went right to the heart of the season's spirit in a Nativity Play. For the last scene, the children were to sing a song around the manger and they burst forth with a rousing, "Happy Birthday to You; Happy Birthday to You; Happy Birthday, dear Jesus, Happy Birthday to You!"

For His Birthday party there have been composed magnificent Christmas symphonies, instrumental and choral music of all kinds, but the form of music with which we're most familiar is the carol.

Some songs thought to be carols are really hymns or pious ballads, but it's easy to tell the difference.

Though all have a religious story to tell, a carol does so in a festive and even mirthful way. It is a song that could be "danced to."

Hum the old favorite "God Rest You Merry, Gentlemen," and see if you don't have a hard time keeping your feet from tapping out the rhythm!

At Christmas we look forward to gift-giving, to the cheerful gathering of loved ones, to the good food and fun associated with the Feast . . . and most of all to the deep spiritual significance of Christ's Birth.

All these wonderful things are summed up in the music we hear and sing at Christmas. Why, without music, Christmas just wouldn't be Christmas!

A YOUNG GIRL'S GIFT

The legend of the Christmas Rose says that a little girl followed the shepherds as they journeyed to the manger in Bethlehem. But she was sad because the shepherds had gifts for Christ, and she had none. Then as she fell further and further

behind the shepherds, suddenly an angel appeared and scattered the white roses at her feet. She gathered them up and took them to the little Lord Jesus as her gift. When He touched them, the petals became suffused with pink.

SEE PACKERS EASY WINNER

By JACK STEVENSON
SAN FRANCISCO (AP)—

Green Bay's Packers strive to keep alive their hopes for a fourth straight Western Conference title in the National Football League Saturday in meeting the last-place San Francisco 49ers.

Three - touchdown favorites, the Packers can't take the upstart 49ers lightly even though San Francisco has won but two games in this worst season for the entry in the NFL.

"This is the must game for us," declared Green Bay Coach Vince Lombardi, whose club has a record of 10 victories, 2 losses and 1 tie. Chicago with 10-1-2 record can win the title with a victory over Detroit on Sunday.

San Francisco handed Chicago its only defeat and Coach Ja Christensen says, "The Packers are definitely a better, a more solid team than the Bears. That goes both for offense and defense."

A crowd of about 35,000 is expected for the 1:30 p.m. kickoff with a national television audience also looking in.

The giant rhinoceros, baluchitherium, which resembled a grounded blimp, was the largest land mammal that ever lived. Baluchitherium stood about 17 feet high at the shoulder and was 24 feet long. It stalked the earth some 30 million years ago.

Lovely Christmas Legends Surround Animals

Long before the Birth of Christ, Isaiah the prophet predicted "the ox knows his Owner, and the ass his Master's crib" (Isaiah 1:3). Because of the part animals played in the Nativity, legends have grown up all over the world about them.

It was a widespread story that animals had the power of speech at midnight on Christmas Eve, and that they then knelt in adoration.

Bees hummed a song of praise then, but only those dear to God could hear them. Birds sang all night on that holy Eve, and their song was more melodious than ever . . . and because the cow warmed the Baby Jesus with her breath, it is sweeter than that of any animal.

The lovable St. Francis, friend to men and nature, felt that all creation should rejoice at Christmas and, since the dumb creatures had no other way of doing so, they should have better food and more comfort.

He asked that people throw corn and grain on the streets for the birds to enjoy the festival too, and all, as he says, "for reverence of the Son of God Whom on such a night the blessed Virgin Mary did lay down in the stall between the ox and the ass."

The wandering albatross, diomedea exulans, is largest of all sea birds.

Strange as it may seem to us, telling ghost stories at Christmas is a popular custom in many parts of the world. But, there are two feelings about the ghosts themselves.

One group of people believes that, during Christmas, no witch or evil creature can bring about harm.

In other places, it is believed that this is the time to return and wander over the earth.

In the Scandinavian countries, a meal is often set out for the ghosts.

England is the place where ghost stories are a favorite pastime during this season. Shakespeare even makes mention of this custom in his writings.

Arlington National Cemetery originally was part of a 6,000-acre grant made by the Virginia colonial governor to a ship captain, Robert Howsen, for bringing colonists to the New World.

CHRISTMAS ★ IN ★ AMERICA

The first "true" Christmas in America was celebrated 344 years ago, in Jamestown.

But the first time a Christian ever spent a Christmas in the new world was in 1492 when Christopher Columbus' ship was wrecked on the island of Bohio, Haiti. On December 6, St. Nicholas Day, an island chief sent Columbus and his crew food enough for a good meal.

Captain Smith was the first man to spend Christmas on the soil of the Colonies. At that time, he was a captive of Powhatan, an Indian chief.

That first significant Christmas was held in 1619. It was the first December there had been women settlers.

The very next year the Puritans began their fight to abolish the celebration, as they held it to be frivolous and pagan. In 1659, a law was enacted making the celebration of Christmas illegal.

It was 27 years later, in Boston, that the first legal Christmas celebration was held. Then in 1856 the day was made a legal holiday in the state.

During the period that Christmas was outlawed, the Dutch settlers had gone ahead with their festivities, and it is mainly to them that we owe thanks for keeping many Christmas traditions alive in this country.

The Germans together with the Dutch introduced to this country most of the "trappings" of our secular Christmas celebrations . . . holly, decorated evergreen trees, the inspiration for our Santa Claus, many carols, and other things as well.

In a nation as young as ours, as large as ours, and populated by so many different nationalities, races and religious sects, it is difficult to pinpoint the "American" Christmas. It has changed a good deal in the past three hundred and forty-four years, and differs in many regions.

But in nearly all places in our country, Christmas is the time for family gatherings, for exchanging gifts for worshiping in our churches — to give our thanks for God's Gift.

PRIEST RENEWS FIGHT TO FREE MINE HOSTAGES

By JORGE CANELAS

Associated Press Staff Writer
ORURO, Bolivia (AP) — An American priest resumes his efforts today to win release of four Americans and other hostages held by Bolivian tin miners demanding that the government free two Communist mine union leaders.

Msgr. Andrew A. Kennedy of St. Louis, Mo., said he would disregard government warning that it would be risky for another American to enter the miners' stronghold.

Bolivia's dissident Vice President Juan Lechin, leader of the rebellious miners, assured the priest Thursday night he could go in safely to the Catavi-Siglo Veinte area, 30 miles south of Oruro, where the miners are holding the hostages.

In La Paz, the capital, about 5,000 workers marched through the streets Thursday night shouting denunciations of President Victor Paz Estenssoro and "American militarism."

The demonstrators demanded the release of the two union leaders, who have been charged with murder, attempted murder, anarchy and embezzlement.

Msgr. Kennedy, a member of the staff of the Roman Catholic vicar general of La Paz, arrived in Oruro Wednesday. Informed sources said he had been in contact with representatives of the miners' union and union leaders were willing for him to mediate.

He was said to be carrying a letter from the two jailed Communists, Irineo Pimental and Federico Escobar, expressing hope for a peaceful settlement.

President Paz Estenssoro has refused to yield the two prisoners, explaining that their release would undermine law and order.

8 YANKS DEAD IN AIR CRASHES IN VIET NAM

By PETER ARNETT

SAIGON, Viet Nam (AP) — Eight U.S. servicemen were presumed killed Thursday in the separate crash of a big helicopter and an Army plane.

The twin-engine H37 helicopter plunged out of control and crashed in the guerrilla-infested Mekong Delta while carrying of another plane in a sling. It was not certain yet whether Communist gunfire or engine trouble downed the helicopter.

Five Americans were aboard. Rescuers recovered three bodies and a fourth was believed buried in the wreckage in Kien Phong province, 60 miles southwest of Saigon.

ONE SURVIVOR

One crewman survived. He was brought to Saigon in serious condition, a U.S. military spokesman said.

Several hours later a single-engine Otter plane carrying four U.S. military advisers and three Vietnamese crashed in the central highlands on a flight from Nha Trang to Ban Me Thuot. There apparently were no survivors, a spokesman said.

The plane had failed to make radio contact shortly after taking off. There was no explanation immediately for the crash.

No names of victims were announced.

The helicopter was one of five H37s in Viet Nam used to recover crashed planes and helicopters. It was the first of its kind to crash here.

It was lifting the wreckage of a plane that crashed Wednesday after engine trouble. The American pilot and Vietnamese observer had bailed out safely.

Nab 21 Youngsters For 50 Car Thefts

ATLANTA (AP)—Police have rounded up a gang of 21 youngsters—only one of whom said he could drive—in connection with the theft of at least 50 automobiles.

Detectives reported Thursday that 18 of the cars have been recovered but all were wrecked.

A 14-year-old who boasted he could drive, officers said, caused a three-car wreck Wednesday night and fled the scene. Others of the group worked in teams of three with one operating the gas pedal, another the gearshift and a third steering.

Farm operators of the United States netted about \$12.6 billion from farming in 1962 — an average of \$3,400 per farm.

Expect 10,000 At Civil Rights Meet

ATLANTA (AP)—Negro leaders have estimated at least 10,000 persons will turn out Sunday for a civil rights demonstration in a downtown park.

The estimate was made Thursday as final plans for the march were announced. The demonstration, patterned after the national march on Washington, was called to explain to the Negro community progress made in Atlanta so far on desegregation negotiations and future aims toward total desegregation of the city.

SOLDIER'S BID FOR ASYLUM SHOCKS FAMILY

FT. KNOX, Ky. (AP)—The mother and grandmother of a soldier the Army says is an apparent defector to East Germany have expressed bewilderment at the report.

Cpl. James Carl Moore, 23, was listed in an Army statement at Heidelberg, Germany, Wednesday, as being from Radcliff, Ky., near Ft. Knox.

Radio station WSAC learned Thursday Moore is a native of Bulger, Pa. Relatives said he and his wife lived at Radcliff while Moore was stationed at Ft. Knox. Post officials said they had no record of his assignment but said records are kept only for a year or less.

PUZZLED BY ACT

Mrs. Holgar Upvall, contacted by WSAC newsman Charlie Jenkins at her home in New Lexington, Ohio, said she knew of no reason for her grandson wanting to defect. His mother, Mrs. Lois Barrett, who has remarried, said from her home at Kingman, Ariz., she had no idea of why her son would want to take such action.

The Army said the Moore list from Radcliff was in debt and restricted to quarters when he went absent without leave from his armor unit at Gelnhausen Nov. 26. It said the East German news agency, ADN, reported a Sgt. James Carl Moore had asked political asylum.

Moore had been reduced from sergeant to corporal after an earlier AWOL period, the Army said.

Police Dog Fired

For Being Docile

BOSTON (AP) — Some dogs, like some people, just aren't cut out to be tough guys.

That's the trouble with Anka, a German shepherd hired by the Boston Police Department to help hunt lawbreakers.

Anka, 3 years old, likes people and snuggles up for petting when she's supposed to frighten criminals with snarl and growls.

Deputy Supt. William A. Bradley ordered her dismissal because she's too docile.

SPAIN ASKED TO EXTRADITE JUAN D. PERON

By HAROLD K. MILKS

MADRID (AP) — The Argentine government has asked Spain to extradite Juan D. Peron to face a 7-year-old charge of seducing the janitor's teenage daughter who solaced his last two years as Argentina's dictator.

The 68-year-old former strongman, who recently moved into a luxurious Madrid residence with the former secretary he married after his overthrow in September 1955, was not available for comment. But a member of his staff said:

"This is an old matter which has been brought up from time to time. It is absurd."

Argentine Ambassador Gen. Julio A. Lagos delivered the extradition petition to the Spanish Foreign Ministry Thursday.

FACES MANY STEPS

A ministry source said the petition would be referred first to the Justice Ministry and then to a Spanish judge for recommendations, then Generalissimo Franco's Cabinet will make the final decision.

Spanish Foreign Office sources said there was no necessity to detain Peron in the meantime.

In July 1956, the military government which took over after Peron's overthrow charged Peron with statutory rape based on his relationship with Nellida (Nelly) Rivas. She had become his mistress in 1953, when she was 14, a few months after the death of his politically powerful wife Evita.

Peron has been living in Spain since 1960. He still has a large following in Argentina, particularly among the laboring class.

Titan Proves Booster Aid In 5,800-Mile Test Flight; Saturn Blast-off Postponed

By HOWARD BENEDICT
A.P. Aerospace Writer
CAPE KENNEDY, Fla. (AP) — The United States man-in-space program has received a boost with the successful flight of a Titan 2 rocket and a setback with the postponement of the first two-stage launching of the Saturn 1. U.S. officials believe the Saturn 1 is the world's most powerful booster.

Meanwhile, the unmanned satellite program moved ahead with a space agency announcement today that it will attempt next Tuesday to orbit an improved Tiro 8 weather observation capsule of delivering "instant pictures" of cloud cover to more than 50 stations around the globe.

TRAVELS 5,800 MILES
The Titan 2 rumbled 5,800 miles Thursday on a military test flight and proved its basic soundness for its assignment as the booster for the two-man Gemini spacecraft.

The first unmanned Gemini flight is scheduled in March, with the initial two-man orbital mission set for late next year.

The National Aeronautics and Space Administration announced Thursday that the first two-stage Saturn 1 launching, which had been slated for Tuesday, had been postponed until at least late January because cracks were discovered in fittings which hold segments of pneumatic lines together in the first stages.

DELAYED FOR MONTHS
The flight already had been delayed four months because of problems associated with developing the second stage, which burns high-energy liquid hydrogen fuel.

The latest delay probably will scramble the already crowded 1964 Saturn 1 schedule, which lists six launchings, including the first efforts to orbit mockup models of the Apollo man-to-the-moon ship.

U.S. experts believe Saturn 1, with its 1.5-million-pound booster thrust and hydrogen upper stage, will give this nation the most powerful rocket in the world.

SCHEDULE HEARINGS
WASHINGTON (AP) — Hearings have been scheduled for Dec. 19 on the nominations of John Morgan Davis and A. Leon Higginbotham Jr. to be federal district judges in eastern Pennsylvania, the Senate Judiciary Committee said Thursday.

PAUL MARTHA IS SIGNED BY PITTSBURGH

By THE ASSOCIATED PRESS
The 14 teams in the National Football League aren't about to run out of money. But at the rate they're signing the nation's top college talent, they had better put in a rush order for some more checks.

The NFL lured two more of its first-round draft selections into the fold Thursday—Texas Tech end Dave Parks signing with San Francisco and Pittsburgh halfback Paul Martha signing with the Steelers—and took a commanding lead over the AFL in the checkbook battle.

The NFL now has signed nine of its first-round picks among the players who have committed themselves to one league or the other. The AFL has lured one away. On the other hand, the AFL has contracts from three of its No. 1 picks—one contested—and has lost two to the NFL.

GET TOP CHOICES
Besides Parks, the No. 1 selection in NFL draft, and Martha, the NFL line-up shows: Washington has signed Arizona State back Charles Taylor, Minnesota has Minnesota tackle Carl Eller, Los Angeles has Utah State quarterback Bill Munson, Baltimore has Indiana back Marv Woodson, New York has Oklahoma back Joe Don Looney, Cleveland has Ohio State back Paul Warfield and Chicago has Tennessee tackle Dick Evey.

The NFL has lost only Southern California quarterback Pete Beathard, the No. 1 choice of the Detroit Lions. Beathard, also a first-round pick by Kansas City of the AFL, signed with the Chiefs.

U.S. experts believe Saturn 1, with its 1.5-million-pound booster thrust and hydrogen upper stage, will give this nation the most powerful rocket in the world.

SOME UNCOMMITTED
Four NFL first-round picks are not yet committed—Nebraska guard Bob Brown and Nebraska tackle Lloyd Voss, selected by Philadelphia and Green Bay, respectively; Texas tackle Scott Appleton, taken by Dallas, and Louisville tackle Ken Kortas, drafted by St. Louis.

Besides Beathard, the AFL has signed New York's No. 1 pick, Ohio State back Matt Snell. Oakland also says it has signed its top choice, Arizona State back Tony Lorick, but the NFL's Baltimore entry also claims his signature. Lorick was the Colts' second round pick.

Your Story

One of the loveliest times of the Christmas Season could be when you gather with your family and friends and each one recalls the joyous happenings of Christmas days in the past. Many families have made such personal story-telling a part of their traditions at this time of the year. Think back to your childhood — wouldn't it be fun to relate your memories of the Holidays: After all, your story too is a part of Christmas!

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

MORE ABOUT THE BAILE FAMILY

The story of Peter Baile, Senior, blacksmith, and early settler in what is now Carroll County, Maryland, his family, and the burial ground, located on the original tract of land taken up by the Baile pioneer ancestor, is continued at this time.

Sally Baile the "wilful" daughter of Peter and Mary Catharine (Haines) Baile, whose elopement with John Lindsay aroused the ire of her father, lived to a "ripe old age." As a matter of fact, according to a fairly reliable tradition, she was in her nineties when death brought her career as wife and mother to a close. She and John Lindsay were the parents of a large family and apparently she (Sally Baile) Lindsay never regretted her "runaway marriage." The exact date of her burial place is unknown, but one thing is certain — she is not interred in the family burial plot — her stern old father would never have permitted that.

The elder Peter Baile and his wife, Mary Catharine (Haines) Baile, were the parents of eleven children, as follows:

MICHAEL BAILE

1. Michael (2) Baile — next to the youngest son of his parents — born 1798 — died September 3, 1834 — married Mary Haines. The father of two children — a son and a daughter —

1. Susanna (3) Baile — married

na State back Tony Lorick, but the NFL's Baltimore entry also claims his signature. Lorick was the Colts' second round pick.

Four other signings were announced Thursday—three in the NFL. The New York Giants grabbed their eighth-round pick, Cornell quarterback Gary Wood. And the Dallas Cowboys signed two Notre Dame players as free agents—flanker John Simon and end Clay Stephens.

Kansas City of the AFL signed one of the futures picked last year, Pittsburgh tackle John Maczuzak.

ried Peter Engels.

2. Peter M. (3) Baile — born March 24, 1822 — died November 28, 1862 — married Susanna (or Susan) Martin. Buried beside his wife in the Baile family graveyard.

Susanna (Martin) Baile was born in 1823 and died December 7, 1856.

Michael (2) Baile, although not the eldest son in the family, was apparently his father's favorite — for he is the first to be mentioned in his father's will — as follows:

"I give and devise to my son, Michael Baile, my home plantation, whereon I now dwell, containing three hundred and six acres of land, more or less, to his said Michael and his heirs and assigns, in fee simple. I also give to my son, Michael, two waggons, two horses, the choice of my stock, two sets of gears and Brick Bands, one plow, one harrow, one log chain, windmill, cutting box and knife, all my Blacksmith tools; one feather bed, Bedstead and clothing thereto belonging, one Table, stove and pipe in the big room, all the hay and straw on the place at the time of my death; my Negro Boy named Ren — to serve until the 25th day of December in the year 1863, at which time he said Negro Ren is hereby manumitted and freed from Slavery, and the sum of two hundred dollars — current money."

INHERITS \$2,000
2. John (2) Baile — Received over two thousand dollars — willed to him by his father at the time of the latter's death. Nothing more known pertaining to this branch of the family tree.

3. William (2) Baile — received five hundred dollars at the time of his father's death. No additional data at present.

3. Ludwick (2) Baile — Willed five hundred dollars by his father — the senior Peter Baile. In the Presbyterian churchyard at New Windsor, Maryland, is the grave of this son of Peter and Mary Catharine (Haines) Baile —

1. "In memory of — Ludwick Baile — Died September 29, 1853 — In the 69th year of his age."

2. "In memory of — Sarah Baile — the wife of — Ludwick Baile — Died September (remainder of date indecipherable) — In her 92nd year."

3. "Sacred — to the memory of — Deborah A. Baile — Died June 16, 1906 — In the 82nd year — of her age."

Note: — The daughter of Ludwick and Sarah Baile and the grand-daughter of the pioneer, Peter Baile.

ABRAHAM BAILE
4. Abraham (2), or Abraham Baile — born September 15, 1787 — died December 23, 1859 — married, on June 9, 1811, to Sarah Cassell, who was born June 29, 1794 and died August 6, 1867. They were the parents of Uriah Baile, John Baile, Susan Baile, Oscar C. Baile, Lewis M. Baile, Lydia Ann Baile, Sarah Baile, Ann Maria Baile, Upton Baile, David C. Baile, Kitty Ann Baile who married George W. Devilbiss and Elizabeth Ellen Baile.

5. David (2) Baile — married Susan Myers.

Note: — Both David (2) Baile and his wife, Susan (Myers) Baile are buried in the family graveyard. The stone at the grave of David (2) Baile has fallen from its base while the one, that at one time marked the grave of his wife, has long since disappeared.

6. Catharine (2) Baile — married — Prugh — no further data at this time.

7. Elizabeth (2) Baile — married — Cook, no additional information.

8. Sally (2) Baile — married John Lindsay.

9. Mary (2) Baile — married Philip Greenwood — interred in the burial ground at the old Greenwood Schoolhouse, Carroll County, Maryland.

1. "In memory of — Mary Greenwood — wife of Philip Greenwood — Born December 11, 1795 — Died June 11, 1874 — Aged 78 years and 6 months."

2. "Sacred — to the memory of — Philip Greenwood — November 11, 1849 — Aged 66 years, 3 months — and 16 days."

It is interesting to note that quite a few members of the family of Philip and Mary Baile Greenwood are buried near them.

The notes on the family of Peter (1) Baile will be concluded in this column next week.

AP SCRIBES PICK TITTLE AS NFL'S MVP

By JIM BECKER
Associated Press Sports Writer

NEW YORK (AP) — Y. A. Tittle came home from work a little late—he is busy getting ready for the showman game Sunday with the Pittsburgh Steelers—so his wife was the first to hear the news.

"That's just wonderful," Minnette Tittle said. "Y. A. will be so pleased. And imagine beating out Jimmy Brown. He's great."

The news was that Y. A. Tittle, the old Bald Eagle of the New York Giants, has been named the Most Valuable Player in the National Football League by an Associated Press panel of sports writers and broadcasters from the 14 league cities.

"PROUD AND PLEASED"

Tittle got 33 of the 40 votes cast and Brown, the fullback of the Cleveland Browns, the other seven.

"That's tremendous," said Tittle, when he got home from practice and got the word. "I'm proud and pleased. I hope I prove worthy, especially in Sunday's game. That's the big one."

The Giants and the Steelers will play winner-take-all for the Eastern Division title.

Tittle has been just about all the offense for the Giants, and usually he has been enough. The Giants lead the league in scoring by a wide margin.

Tittle has thrown 33 touchdown passes this year, equaling his own league record set last year. He has 204 completions in 341 attempts for a 59.8 percentage and 2,937 yards.

The star quarterback, who is 37 and looks maybe five years older than that with his weather-beaten face and bald head, also has established two NFL career records with 199 touchdown passes and 1,954 passes.

Tittle said his selection as MVP shouldn't make any difference in the game Sunday. "I don't think the Steelers go around with my press clippings in their pocket," he said. "And I was going to go all out anyway."

Y. A. stands for Yelberton Abraham.

But even his wife calls him "Y. A."

Some Xmas Notes

Centuries before Christ's Birth when Bethlehem shepherds heard angels sing, "Glory to God in the highest," Christmas music had been performed!

Psalms about the Messiah's Nativity were composed many generations before by David, a shepherd boy of Bethlehem (who later became the second king of the Jewish nation).

About Christ we find David singing "Thou art fairer than the children of men: grace is poured into Thy lips" (Psalm 45:2) reminding us of the Christmas hymn "Fair Lord Jesus."

A favorite modern carol "The Little Drummer Boy" (telling of a poor boy who had no gift to give the Child Jesus except a solo on his drum) recalls to us David, the poor boy-shepherd who shouted out happily, "Unto Thee will I sing with the harp, O Thou Holy One of Israel!" (Psalm 71:22).

David also gave us a preview of the well-known "We Three Kings" when he sang, "The king of Tarshish and of the isles shall bring presents: the kings of Sheba and Saba shall offer gifts!" (Psalm 72:10).

These psalms and other canticles from the Old Testament which tell in prophecy of events concerning the Birthday of Jesus Christ can be considered Christmas music in a very real sense!

Error In Grading Of 26 Troopers

HARRISBURG (AP) — The Civil Service Commission says an error in grading resulted in 26 state troopers failing a promotion test that they otherwise would have passed.

In announcing the error Thursday, the commission said the names of the troopers would be added to the list of those who passed.

The examination has been the subject of considerable controversy. Only 290 troopers—30 percent of the total number taking the test—passed when the initial results were announced.

The commission explained that "the regrettable error involved only one question in the test."

Pennsylvania

Some \$72 million in appropriations for state-aided institutions are rolling toward final approval, probably at a midnight session tonight. The House gave preliminary approval to the 38 Senate-passed bills in a brief session Thursday.

Gov. Scrantom has ruled out a general pay raise for state employees in 1964. The governor told his news conference Thursday that "under the present budgetary situation I see no possibility of such."

Pennsylvania's Superior Court in a 6-1 decision, holds its neither improper nor illegal for a defendant who is acquitted to pay costs of the prosecution. In fact, the court ruled, assessing such costs provides substantial justice.

400 MORE JOBS

PHILADELPHIA (AP) — The Army has selected its Electronics Materiel Agency here as one of seven national inventory control points in its new supply and distribution system. Brig. Gen. Wesley C. CLARK SAYS CONGRESS IS NOT DOING JOB

HARRISBURG (AP) — Sen. Joseph S. Clark, D-Pa., says he does not believe Congress has been doing its job in the area of domestic legislation.

Pointing to inability of the late President John F. Kennedy to get action on a major part of his domestic program, Clark called for Congressional reforms to make lawmakers more responsive to the public.

"Unless we can remove some of the barbed wire of outmoded rules and practices which surround those, who, for various reasons are not responsive to the broad humanitarian needs of modern American society," Clark said, "resolution of many of our most urgent problems will continue to be frustrated."

MORE POSITIVE ROLE
Addressing Thursday's final session of a two-day state Conference on Human Services, the senator contended government should take a more positive role in resolving human problems amid economic and social change.

"Americans do not like to talk about positive government," Clark admitted. "The fear of political tyranny and domination is ingrained deep in their souls and I would be the last to attempt to wash it out."

"But this afternoon I will argue that, in our age, the poorest insurance against tyranny is impotent government; that the role of government in our lives can no longer be the purely negative one of the 'policeman'; that in many respects, Jefferson's proviso that government is best that governs least is now obsolete."

LAST RESORT
Clark said today's citizen has turned to government as a last resort to preserve his welfare and his dignity.

He admitted that government has become big and that "large bureaucracies tend to become insensitive to the needs and wants of individuals."

"But, in my view, it is the function of the legislative arm of our democratic government to counteract that insensitivity, to 'humanize' big government. And it is precisely at this point that democratic government is failing to measure up to the challenges with which it must deal if it is to survive."

Social Security

Q. I operate a small business and pay my wife a salary for the time she spends working for me. Am I supposed to pay Social Security tax on these wages?

A. No. Work done by a wife for her husband, or by a husband for his wife, is not covered by Social Security.

For your own questions, see your Social Security office, 201 Trust Co. Bldg., Chambersburg, phone COlony 3-4135.

United States citizens averaged consumption of 111 pounds of potatoes and seven pounds of sweet potatoes in 1962.

A Lovelier You

By MARY SUE MILLER
MAKE-UP REPAIRS. In an ideal make-up, each step is perfect in itself. The slightest slip — the tiniest puddle of base or shadow — spoils the finish. Noticeably!

So, however rushed you are, stop and make repairs when any cosmetic goes on badly. Actually it takes only a second if you follow these methods:

Lighten a too-heavy coat of powder base by blotting with tissue. Simply blanket the face with an unfolded square, press it to the skin with palms and peel it off from the hairline down.

If a base application appears ineffectual, let it set and smooth on a sparing second coat. Streaked applications require only further blending. It is best done by filming the fingertips with base.

Should your rouge streak or seem too vivid, you can mend the damage by whisking a pin-dot of skin oil across the area and blotting. The same gambit works well on streaked eye-shadow, too.

To tidy pencil lines, use a dry cotton swab as a blender. Mascara smudges respond to a swab, dipped in skin freshener.

With a lipstick slip-up, you must carefully remove the color with cleansing cream and start again. It's the one error that can't be patched up. After cleansing, a smart move is to powder the lips before reapplying color. Otherwise it may not "take."

In such ways, mistakes are rectified — ideally. Your make-up gets an A for deft application, everyday and on party occasions.

JOHNSON HAS BIG PLANS IN LATIN AMERICA

By JOHN M. HIGHTOWER
A.P. Diplomatic Affairs Writer
WASHINGTON (AP) — President Johnson is reported planning a sweeping reorganization of the Alliance for Progress in a broad move to develop more dynamic and effective U.S. relations with Latin America.

A well-informed congressional source predicted a "complete reorganization and real shake-up" with changes in its top echelon and in the alliance methods of operation.

At the White House, press secretary Pierre Salinger told reporters Johnson is looking over the entire range of governmental operations to see how they could be improved. Salinger declined to discuss the alliance problems specifically.

Asked whether a reorganization would mean the replacement of Teodoro Moscoso as coordinator of the alliance operation, Salinger said he did not believe Johnson has had time to decide on the effectiveness of Moscoso's office.

There is widespread speculation in diplomatic quarters that Johnson may name Thomas C. Mann, 51, U.S. ambassador to Mexico, to some new high-level position with broad authority over the whole range of U.S. policies and operations in Latin America.

Mann, who has had long experience in Latin-American affairs as a career diplomat, was an assistant secretary of state for inter-American affairs before he became ambassador to Mexico in 1961. Mann, a Texan, conferred with Johnson Wednesday.

The Alliance for Progress was set up by the late President John F. Kennedy with the aim of promoting sweeping social, economic and political reforms in Latin America.

McSHERRYSTOWN — The December meeting of the McSherrystown Fire Company was held Wednesday evening with President Eugene Murren presiding. The company made a \$1,000 payment on the new rescue truck thereby reducing the company's debt to about \$24,000.

The company received \$631.36 from the carnival account, representing the money left after money was paid out to the bi-centennial corporation. Chairman Curvin A. Smith turned over \$1,809.29 to the company which brought total receipts for the month to \$2,275.75. The company paid bills totaling \$2,569.88 including the \$1,000 on the rescue truck. One thousand dollars also was put in the 75th anniversary savings account which now has a balance of \$2,000.

Thomas R. Storm reported for the directors a checking account balance of \$499. Chief James A. Noel reported one fire call in the last month.

William B. Lawrence was appointed as a director. It was decided that the January meeting will be held one week later than usual.

Sermon For The Week

By REV. ROBERT N. PADEN
Pastor, Cashtown Charge of
the United Church of Christ
"WHAT WENT YE OUT TO
SEE?"

John the Baptist, the forerunner of Jesus, was put into prison for the strange teachings he was putting into the minds of his followers. While he was there, he sent two of his disciples to ask Jesus, "Art Thou He that is to come, or shall we look for another?" Jesus did not answer them directly. He said, "Go and tell John what you see, how the blind receive their sight, the lame walk, the lepers are cleansed, the deaf hear, and the dead are raised up." They returned to tell John what Jesus had said to them and they were convinced that Jesus was truly the Son of God.

Then Jesus turned and ask those around Him, "Why did you come out into the wilderness to see John? What went ye out to see? A reed shaken in the wind? A man clothed in soft raiment? A prophet? Yea I say unto you, and more than a prophet."

(Continued On Page 3)

do you look for in Christmas? What is it that makes Christmas Christmas for you?" As you think about the answer, consider the question and answers of Jesus, "What went ye out to see?" A reed shaken in the wind? That was a common sight in the time and the vicinity of Jesus' life. It was a rather worthless weed that grew on the banks of the streams. A reed shaking in the wind suggests a rather worthless and shortlived value. Something that is lovely to look at but not durable or strong.

At Christmas we have those things that would fit this description. We decorate trees, burn candles; we have our tin-

sel, Christmas balls, and street lights; we have many other things that are lovely to look at. And all of these things go with Christmas; I wouldn't want Christmas without them. But if we try to find something deep and spiritual about them, if we try to make them end in themselves, we find they are but as reeds shaking in the wind. They are lovely to look at, but not satisfying to the soul.

SECOND ANSWER
A second answer to Jesus' question, "What went ye out to see?" was "a man clothed in soft raiment." This reminds us of the warmth, the joy, the wonderful fellowship we have at

home at Christmas time. Soft raiment suggests the generous fulfillment of life's necessities. The Christmas dinner, the exchange of presents, the loving atmosphere of home all add to the glorious excitement of the Holy Day. But then again, I ask the probing question, "What do you look for in Christmas?" Pleasing as all these things are, they are perhaps no more satisfying to our soul than a man clothed in soft raiment enjoying the pleasures and comforts of home.

"What went ye out to see?" A prophet? A prophet is a mouthpiece, a spokesman for God. Christmas indeed has its story of a man. It has its heart-

warming story of a Child born in the manger of a stable, visited by shepherds and wise men, proclaimed by the voices of angels and the light of a star. "A prophet?" yea I say unto you, and more than a prophet. And how much more than a prophet is Jesus Christ! How much more is He than the beautiful story of His birth.

SAVIOR OF WORLD

Jesus is the Son of God; He is the Savior of the world. He is the Incarnation of the Word become flesh and dwelt among us. God was indeed in Christ reconciling the world to Himself. Christmas is the story of "God so loved the world that

He gave His only begotten Son, that whosoever believed in Him, should not perish, but have eternal life." Christ is the personification of God, His love and mercy, His goodness and peace, His honor and blessing as He comes to His people. This is what ought to make Christmas the glorious season that it is. These other things are wonderful and good so long as they lead and lift us to God and His love for us. We can't make them ends in themselves. Then they are as reeds shaking in the wind or as soft raiment. As we look to Christmas, let us continually ask ourselves, "What is it that makes Christmas Christmas for me?"

CHRISTMAS

It's an old family custom. I hang up my stocking for Santa to fill. Then everyone has to be very quiet while Daddy reads the Christmas Story from our big family Bible... about the Shepherds... how they watched... and listened. That's why they knew Jesus had come: because they listened!

Again today, Christmas brings good tidings... of peace on earth... good will toward men. Church bells ring... children sing carols... the Story of Bethlehem is told again.

It means Joy to the world; if we listen!

HOME FREEZER STILL PUZZLES ECONOMISTS

By RICHARD P. POWERS
Associated Press Staff Writer

WASHINGTON (AP) — The Agriculture Department raises the question, but doesn't answer it, as to whether it pays to own a home freezer.

There is little doubt, the department said, that many families can have better, more varied meals through the year if they own a home freezer.

"From the dollars-and-cents standpoint, the benefits are not so clear," it added.

OTHER BENEFITS

In any event, the department said, for many families financial considerations will be over-balanced by the convenience of the home freezer, the saving of time in marketing and meal preparation. And the satisfaction of enjoying through the year a variety of fresh-flavored foods.

The figures show that the cost of freezing and storing a pound of food is a considerable item. Whether, in the long run, the family's food budget will be reduced or increased by use of a freezer depends on whether food is homegrown or bought, frozen, and how the freezer is used.

"Obviously," the department said, "it would not pay to freeze foods that are commonly available and relatively inexpensive at all seasons."

"The family that uses the freezer extensively is usually the one that gains the highest financial return on the investment. . . . Best practice, as the cost figures indicate, is for rapid turnover of food in the freezer. This means using stored food, not saving it, often one of the hardest lessons for the freezer owner to learn."

Food donations by the Agriculture Department for domestic use totaled 403,200,000 pounds July, August and September, a decrease of 4 per cent from the

YORK SPRINGS — A birthday party was held Saturday evening for Miss Shirley Breighner at the home of her parents, Mr. and Mrs. Roy E. Breighner Jr., Heidlersburg. Entertainment was provided and refreshments included a three-tier cake. The following were present: Joyce Miller, Beverly Miller, Dorothy Hankey, Christine Alwine, Judy Edwards, Marlene Spicer, Joella McCauley, Ashbey Varner, Allen Mickle, Michael Maus and Jack Zeigler. Also present were her sister and brother, Barbara and Robert.

Paul Stauffer returned home last week from a York hospital where he had been a patient for three weeks.

Mr. and Mrs. Steele Stuchell left Sunday for their home in Delto, Colo., after spending the week with the latter's father, Parker Gardner, and sister, Mrs. Susan Feeley.

The members of the Mademoiselle Club, sponsors of the York Springs Public Library, reported that donations during "National Education Week" totaled \$262.25 and will be used to purchase new books for the library. The library is open each Friday from 7 p.m. to 9 p.m. The following books have been added: "Do Not Go Gentle" by David MacCush; "The Indomitable Hornblower," "Commo-

Costs of donated commodities to all users for the July-September period amounted to \$77.9 million, 2 per cent less than in the same three months a year ago.

NEW YORK (AP) — There are many signs to remind a person he's beyond some of the better milestones of living.

Life so often reminds us how old we have become that we sometimes forget to recognize how youthful we still are.

But it's young you are getting again if—

The face you see in the mirror while shaving reminds you of the grandson you are, more often than the grandfather you remember.

Night seems to have more light than morning, and you discover serious purposes after midnight.

FEEL INSULTED

When a thoughtful teen-ager stands to yield you a seat on the bus you feel more insulted than grateful.

Taking steps two at a time is a pleasure, and running downstairs against an upgoing escalator is a worthwhile thrill.

You need your bifocal glasses only to read that your doctor's report on your last electrocardiogram is heartening.

The cost of a college education for a member of your family now doesn't remind you of how much cheaper it was in the days when you earned your own living.

Today In Washington

WASHINGTON (AP)—In the news from Washington:

Final salute: For six hours, senators gave their final tributes. Then the junior senator from Massachusetts rose to his feet.

"If the country can be united, the sacrifice will not have been in vain," he said in a quiet, firm voice.

With these words, Sen. Edward M. (Ted) Kennedy expressed Wednesday the "heartfelt thanks" of the Kennedy family for the Senate's eulogies of his assassinated brother, President John F. Kennedy.

Lady Santa: The role was to have been played by Mrs. Jacqueline Kennedy, but it was Mrs. Lyndon B. Johnson who brought toys to 150 youngsters at D.C. General Hospital.

Mrs. Kennedy suggested that "I might fill the date," Mrs. Johnson told the young patients as she toured the children's wards Wednesday with her daughter, Lucy Baines, 16.

One of the last things President Kennedy did, the new First Lady told the children, "was to arrange for all the toys that we brought here today."

Strike blocked: President Johnson has blocked for at least 60 days a strike by machinists against six airlines.

The walkout had been scheduled to begin at 12:01 a.m. today.

Acting under provisions of the Railway Labor Act, Johnson ordered an emergency board to look into the dispute between the AFL-CIO International Association of Machinists and the airlines — Braniff, Continental, Eastern, National, Northwest and Trans World.

Touch of romance: A walk amid the many-fingered rain brings you the touch of romance rather than the stencils of rheumatism.

The morning after the night before still makes the night before worth the morning after.

You retain the belief that giving the boss good solid honest advice will make him appreciate you because you are not just another yes-man.

The dog doesn't take you out for a walk; you take him.

Yes, it is by such thoughts that one is sure that he is getting younger.

Or at least taking a youthful step into second childhood!

At issue in the dispute are wages and work rules.

Grave markers: Two simple granite headstones mark the graves of President Kennedy's two infant children buried on each side of him in Arlington National Cemetery.

The markers were taken from the original burial sites of Patrick, who died shortly after birth in August, and a daughter dead at birth in August 1956.

Santa Claus To Celebrate His Birthday

The jolly figure we know as Santa Claus reached his one-hundredth birthday this year! He was brought to "life" in New York City in 1863, beneath the pen of a cartoonist, Thomas Nast, who was commissioned to illustrate the poem "The Night Before Christmas" (originally titled "A Visit from St. Nicholas"), written in 1822 by Dr. Clement Clark Moore, a seminary professor.

(It was Thomas Nast as the Harper's Weekly cartoonist who also created the Democratic donkey and the Republican elephant.)

THE FIRST SANTAS
Dr. Moore's Santa was the product of legends dating back as far as 200 A.D. when the "first" Nicholas was born. The place was Patara, a village in Asia Minor, a portion of present-day Turkey.

Even as a young boy, Nicholas was known for his generosity, and he eventually became the bishop of Myra.

After his death, December 6, 343 A.D., many European countries adopted St. Nicholas as their patron saint.

JOLLY FRIEND

In 1613 in Nieuw Amsterdam (New York City) the bishop-robed St. Nicholas was introduced to this country by the Dutch settlers. He remained thin and wrinkle-browed until

the early 1800's when American artists gradually began to picture him as short, fat and happy.

The twinkle in his eye appeared in 1821 through an illustration in a book "The Children's Friend." The picture showed him with a sleigh, reindeer, and bearing gifts.

Where did American artists get their ideas of how Santa should look? And where did the sleigh and reindeer come from?

Santa's red suit probably comes from the fact that, as a bishop, St. Nicholas wore red robes. Santa's rotund shape, jolly nature, and white beard are also seen in the German's version of "Sankt Nikolaus."

In Switzerland, "Santa" is an angel "Christkindl" (Kris Kringle) who arrives in a sleigh drawn by six reindeer.

Our Santa Claus is indeed a product of many lands, but that he's "Made in the U.S.A." there's no doubt!

United States housewives can choose from about 6,000 different foods when they go to market.

It's our 26th Christmas, so we'd like to say thanks for the joy that comes from working with you. A bright and sparkling season is made lovelier with our fragrant flowers. Visit us early in Yuletide and make your home a place of warmth and charm. Won't you let us be your Santa Claus?

Santa and the Haunted House

By LUCRECIE BEALE

Synopsis: The children set out for Santa Land on ice skates. Tired and discouraged after skating all day, they suddenly crashed through thin ice and landed in the icy water.

CHAPTER 10 THE ICE SPRITES

Jeremy couldn't struggle any longer. He was turning to ice. He knew if he pushed Sissy and Miss Jo away he would have a chance to save himself. But he couldn't let go of them, not even if it meant never getting to Santa Land to save Santa from eating the Trouble Cake.

He held on, too exhausted even to gasp anymore. He was about to go under for maybe the last time when Miss Jo screamed, "There's something coming! Look!"

Jeremy threw back his head one last time and saw—he wondered if it were a dream—a whole army of little creatures racing across the ice toward them!

"They'll fail through!" he thought.

But the host of Sprites—for that is what they were—skimmed over the thinnest ice right up to the hole itself. They threw out ropes and Sissy and Miss Jo grabbed them and even Jeremy managed to get one in his frozen hands. In two seconds the children were dragged out of the water and carried safely to shore.

It was a family of Ice Sprites who had saved them. They were so tiny and so many and moved so fast there seemed like hundreds of them. They built a fire and took off the children's clothes and wrapped the children in blankets made of the insides of cocoons. They fed them cup after cup of warm butterly milk.

Soon the children were fine again. Miss Jo, who was the first to recover, asked, "For goodness sake! Who are you?"

"Ice Sprites," said the leader of the Sprites. He was the grandfather or maybe even the great-grandfather of all the other Sprites. "We live on the ice and skate all winter long. In the summer we grow wings and get real tiny and we skate right on top of the water."

"First," he said, "you must pass over the mountain."

"Oh, I've seen you!" exclaimed Sissy. "I never could understand why you don't even get wet."

"That's because we have hardly any weight," said the Sprite. "But you are different, you know, and you should never skate on thin ice. It is lucky for you we felt the ice crack though we were miles and miles away. We thought a star had fallen on the river! Where on earth were you racing to, that you did not see the sign we had put on the ice to warn people?"

"We are going to Santa Land," said Miss Jo.

"Good heavens!" cried the Sprite. And all his descendants threw up their hands in astonishment. "Santa Land is mountains and oceans away!"

Jeremy looked gloomy. "But we've got to get there!"

"Why? Can't you wait for Christmas?"

"It's not that," said Jeremy. Then he told how they had seen Nog making a Trouble Cake filled with spider legs and worries and cobra eggs and all kinds of pains. And how Nog was planning to send the cake to Santa so Santa would eat it and die and there wouldn't be

any more Christmas.

"So you see," said Jeremy, "we've just got to get to Santa Land to warn Santa in time."

The Ice Sprites made sounds of alarm. They shook their heads and clustered in groups and whispered behind their hands, then the grandfather Sprite said, "We'll help you get to Santa Land. The way is long but you'll have help all along the way. There is not one creature in Fairyland who does not hate the name of Nog. All of us will speed you on for you are right—you must get to Santa Land!"

Then he pointed to a nearby mountain that reached as high as the lowest star in the sky. "First," he said, "you must pass over the mountain."

The children sighed and their spirits fell. "How can we do that?" asked Jeremy.

"You'll soon see," smiled the grandfather Sprite and he called all the Ice Sprites to his side.

CUSTOMS FROM OTHER LANDS

We are so accustomed to our own kind of Christmas, we sometimes forget that in other lands, the customs, the names, and even the dates of Christmas are often not the same.

IN MEXICO, for example, Christmas begins December 16 with the "posadas," which means "inns," in remembrance of the inn where the Holy Family sought to rest. Mexican families visit one another re-enacting the event. Christmas Day is spent rather quietly at home. Children receive gifts on Epiphany, January 6.

IN SOUTH AMERICA, each region has its own particular customs, but basically they are our customs adapted to their midsummer climate, and guitars and castanets combine in music with bells. Epiphany is the day for exchanging gifts.

IN CHINA, Christmas is "Sheng Dan Jieh" or the Holy Birth Festival. It closely represents the Western Christmas with trees and Santa Claus prevalent.

IN HOLLAND, a big event is a parade where Saint Nick rides on a horse, with Black Peter (who tends to "bad" boys and girls) riding by his side.

IN SWITZERLAND, Christmas is generally a quiet family time. Christ-kindle, represented as a girl-angel, is the gift-bearer.

IN AUSTRIA, the snow and quaint buildings make a lovely setting for the house-to-house caroling that the Austrians regard highly during this season.

IN TURKEY, where the first Saint Nicholas was born, there's a three-day festival.

IN ENGLAND, Christmas is much like it is in our country. However, much of the gift-giving occurs on December 26, Boxing Day. The name comes from the tradition of presenting servants and the poor with boxes filled with money.

IN INDIA, Christmas is a

holiday, but how much it resembles our Christmas celebrations depends upon whether or not a missionary is, or has been, in the area. Often it is just a time for fun because the British had declared it to be a holiday.

IN SPAIN, music and mirth are the keys to the season. Here it is the Three Wise Men who bring the gifts on January 6.

IN JAPAN, there is a great deal made of Christmas in so far as their adoption of Western secular traditions. There is a Santa and trees and gifts, but little or no reference is made to the religious meaning of the season.

IN SCANDINAVIA—Sweden, Denmark, Norway and Finland—customs vary slightly. In Finland, a visit to the Finnish bath is usually made on Christmas Eve. St. Lucia's Day, December 13, opens the season in Sweden, and girls wear a halo of candles as a crown on the day.

IN AUSTRALIA, because it is midsummer weather, Christmas festivities are held mainly outdoors. Parties at the beach

are common.

IN BELGIUM, Christmas is a very colorful, costume-festival. Procession, plays, and singing are important.

IN ITALY, Befana, a lady, brings the children their gifts on Epiphany, but the Christmas season begins eight days before our Christmas.

IN GERMANY, Christmas begins on St. Nicholas Day and is a very gay time. The decorated tree plays a large part in their celebration.

IN FRANCE, St. Nicholas Day, December 6, is generally "Christmas," although it is not a legal holiday. Pere Noel places the children's gifts in their shoes. Creches contain not only the manger scene, but figures of the local baker, mayor, etc., as well. Christmas Eve is an all-night, joyous affair.

VATICAN CITY (AP)—At a Vatican audience for pilgrims from many lands, Pope Paul VI has urged Catholics to prepare for Christmas with prayer.

"Pray," the Pope said Wednesday, "pray well... this advice, which is always valid,

NEW CHEVELLE!

BY CHEVROLET

The kind of go—6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do a lot more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines for it—two sixes and two V8's—with output all the way up to 220 horses*!

And if that combination of modest weight and potent power makes you think this is one frisky car, you've got the right idea.

You've also got a car with lots of room for legs, hips, shoulders, hats and luggage. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension and snug insulation, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions you from bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too. Just listen to the solid *thunk* of a door closing or look at the smooth metalwork. You'll see what we mean.

Sound good so far? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

KENYA CHEERS INDEPENDENCE FROM BRITAIN

By ADRIAN PORTER

NAIROBI, Kenya (AP) —

Nearly 100,000 Africans whistled, sang and cheered Thursday as Kenya became Africa's 35th independent nation.

But even as the shouts of "Uhuru" (Freedom) echoed through the streets of this former British colonial capital, Monumental problems confronted the new nation. It must conquer frontier warfare, tribal rivalries and economic difficulties.

When the Union Jack was hauled down and Kenya's flag of black, red and green went up amid jubilation at Nairobi's Freedom Stadium, Britain relinquished its last colonial holding in East Africa.

WHITE MINORITY

The wives of white settlers wept and their husbands swallowed hard as they considered their future as a minority of 30,000 in a nation of 8.5 million Africans.

Forty-eight hours earlier, the spice island of Zanzibar, just to the south, received its independence in a similar ceremony ending 73 years of British protection. Both countries will remain in the British Commonwealth.

Britain's Prince Philip represented his wife, Queen Elizabeth II, and both celebrations. Kenya, the legendary "burning spear" of the Mau Mau terror a decade ago, is no longer the firebrand who headed the African nationalist movement and spent eight years in British detention. Now 73, Kenyatta has called on his nation to forgive and forget the bitterness of the past as it wrestles with its problems.

Kenyatta accepted from Prince Philip the formal instruments of independence en-

Orrtanna

MRS. LUTHER WETZEL 642-8203

ORRTANNA — Mr. and Mrs. Francis Thomas, Orrtanna R. R., were honored recently at a dinner in the Cashdown Fire hall in observance of their golden wedding anniversary.

They were married by the late Rev. D. T. Koser, then pastor of Flohr's Lutheran Church, McKnightstown, Nov. 23, 1913. Also honored were the couple's son-in-law and daughter, Mr. and Mrs. Harry Warrenfeltz, Gettysburg R. 3, in observance of their recent 25th wedding anniversary.

Decorations including flowers were carried out in gold and white and a three-tier wedding cake topped with golden wedding bells centered the table.

Attending the dinner were Mr. and Mrs. Francis Thomas, Mrs. Lucy Orner, Mrs. Emma Fidler, Mr. and Mrs. Paul Fritz, Sereck Holderman, Clyde Orner, Miriam Kime, Maybelle Cline, Shirley, David, Romaine and Louise Cline, Ruth Mummert, Linda Mummert, Mr. and Mrs. Harry Warrenfeltz and children, Francis and Barry; Mr. and Mrs. Francis Thomas Jr., Mr. and Mrs. Paul Thomas, Mr. and Mrs. Harrison Fair and children, Donald, Marlea and Jeffrey; Mr. and Mrs. Jay Thomas and children, Deborah and Brenda; Charles Smith, Georgia Smith, Mary Rexford and Betty Kepling.

Unable to be present because of illness were a son-in-law and daughter, Mr. and Mrs. Glenn Smith and Mrs. Thomas's sister, Mrs. Cora Harkey, Chambers-

acted by the British Parliament.

In the same ceremony, Kenya's governor, Malcolm MacDonald, became governor general — the representative of the British crown — and then swore in Kenyatta and his Cabinet.

Kenyatta responded with a speech pledging his country not to align with any power bloc and saying he wanted no aid with strings attached.

SAIGON, Viet Nam (AP) — A 22-year-old Buddhist monk burned himself to death on the grounds of a religious pagoda in coastal Binh Dinh Province Monday, the official Viet Nam Press reported Thursday.

The report said the suicide was an "oblation," an offering for religious or charitable purposes. It did not explain purposes and set them afire.

It was the 11th suicide by fire in South Viet Nam this year. Seven were in protest against President Ngo Dinh Diem's treatment of Buddhist opponents.

Complete returns from Monday's elections gave the Congress party only one seat in the enclaves' 30-seat legislative assembly. The Maharashtra State Gomantak party won 14 seats.

YORKER SENT TO AID LODGE

WASHINGTON (AP) — President Johnson is sending career diplomat David G. Nes to South Viet Nam to serve as the key No. 2 man under Ambassador Henry Cabot Lodge.

Authoritative sources said Thursday Johnson personally approved the selection of the 46-year-old Foreign Service officer who has a distinguished World War II combat record. Nes replaces William C. Trueheart, whose two-year tour of duty expired last October.

The appointment comes at a time when Lodge's name is figuring in speculation about the 1964 Republican presidential nomination. But he has stated he is not a candidate and does not intend to run.

"TOM'S" AN AMERICAN

If asked to name the traditional main dish for the Christmas feast, most Americans would say "turkey." But "Tom" is not the center of attraction everywhere.

The goose rates high in Scandinavian countries along with a number of meats and fish. The French, Irish, Germans and Hollanders also look with favor on the goose.

In Sweden, a suckling pig generally dominates the smorgasbord; Latin countries select lamb, and the Englishman prefers roast beef.

If you are using salted peanuts in making peanut brittle, you may wish to rid the nuts of excess salt by rubbing them gently between paper toweling. Get the peanuts ready before you start preparing the candy!

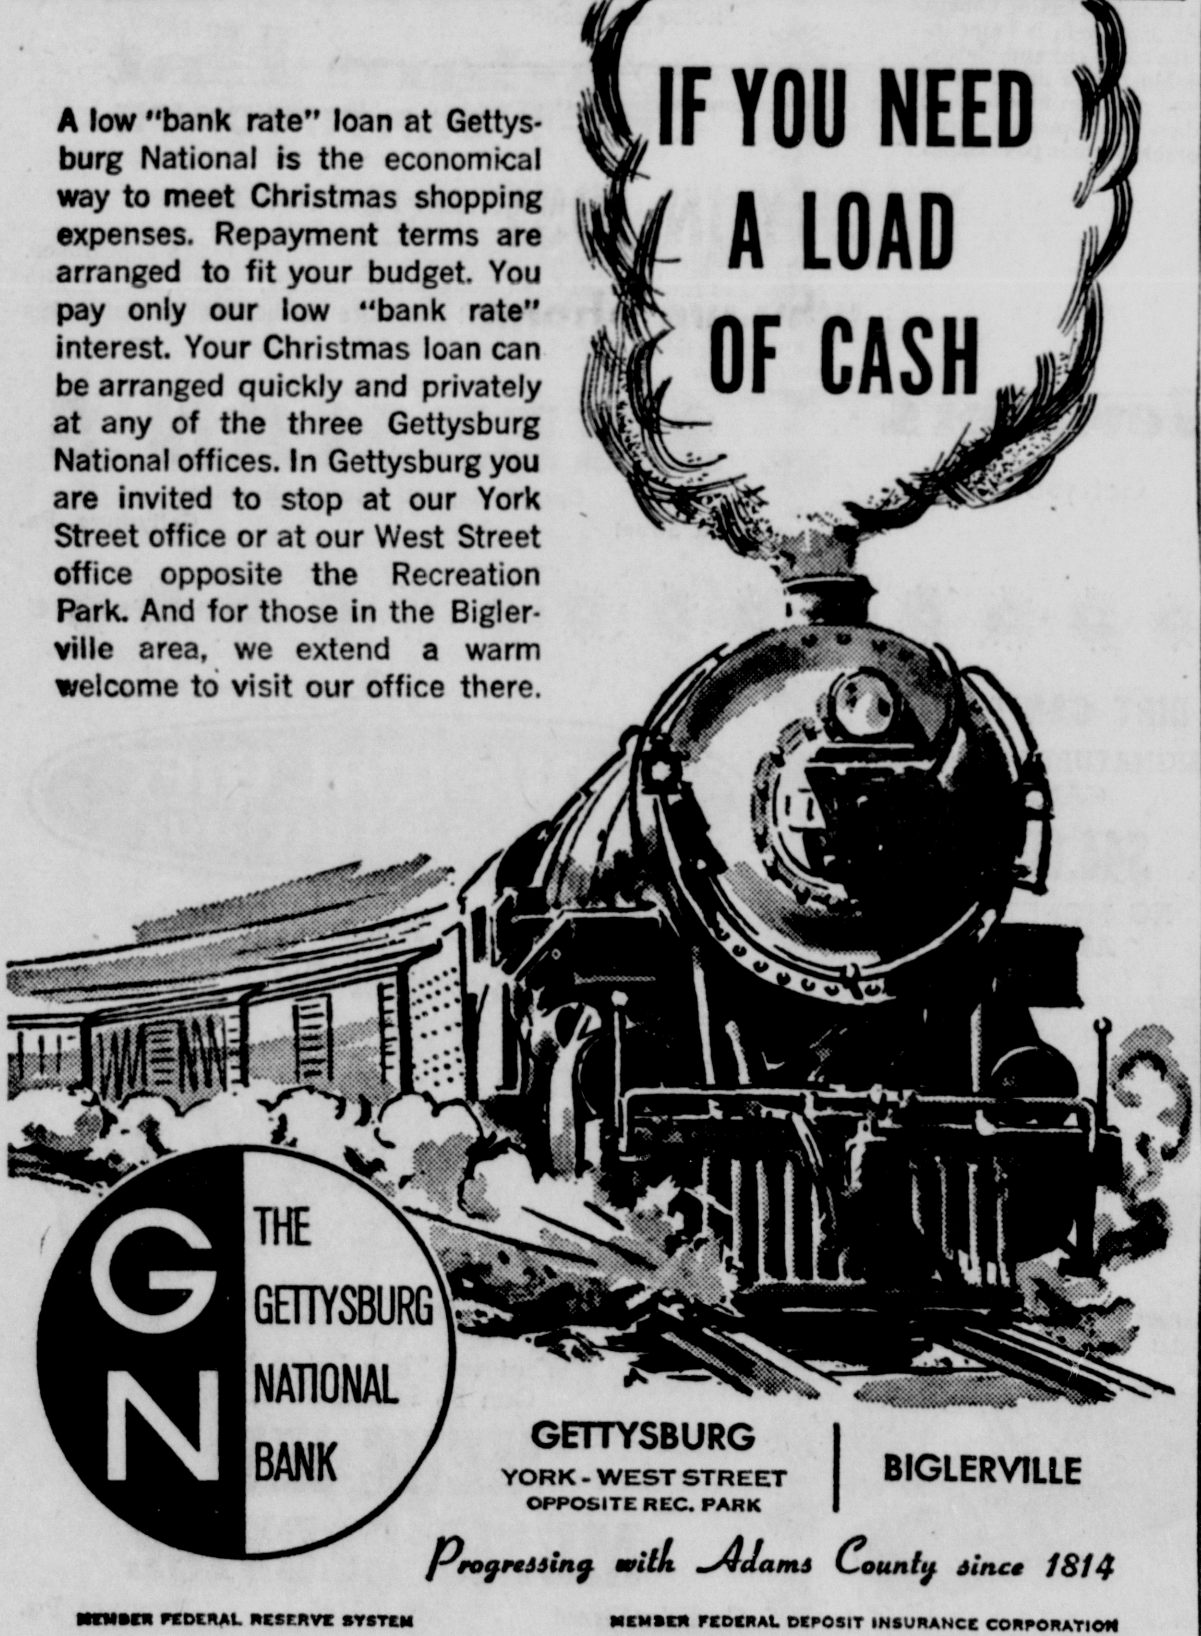

Sometimes a yeast bread recipe will call for heated butter-milk separates during the heating process; the separation should not affect the bread that finally results.

CHURCH PLANS NEW IMAGE TO REGAIN IMAGE

By GODFREY ANDERSON
LONDON (AP) — With less than three out of 27 million baptized Britons showing up in church even once a year, the Church of England is trying desperately to develop a new look.

Aside from the gimmicks of individual parsons, whose efforts have ranged from jazzed-up services for teen-agers to so-called kitchen sink communion brought right to the home, the church at high level is bent on reforming its image.

PLAN GENERAL SYNOD

A new form of government to give laymen more say in how the church is run has been given the green light. This plan would combine the centuries-old convocations of Canterbury and York with a new house of laymen. The new body would be known as the General Synod of the Church of England.

It would replace the present church assembly, but bishops and clergy would still sit separately and have a final veto on synod decisions.

Other reforms involve the handling of church finances. Since 1947 the ecclesiastical treasury has been nominally managed by the church commissioners—92 of them including the archbishop of Canterbury, the prime minister, most diocesan bishops and laymen appointed by the church assembly.

The commissioners meet once a year to rubber-stamp decisions of three church estates commissioners who handle daily business. These three hold the purse strings and act as joint managing directors.

HUGE INVESTMENT

They control investments running to nearly \$50 million a year and the distribution of investment income for helping pay and house the clergy.

Lately their public image has suffered badly. They have been attacked for boasting of their income and advertising their ex-

Today is Friday, Dec. 13, the 347th day of 1963. There are 18 days left in the year.

Today's highlight in history: On this date in 1775, the Second Continental Congress authorized the building of 13 ships of war — the genesis of the U.S. Navy.

On this date.

In 1577, Sir Francis Drake left Plymouth, England, to sail around the world.

In 1781, a day of prayer and thanksgiving was observed throughout the United States at the end of the Revolutionary War.

SUICIDE PLANE

In 1944, a Japanese suicide plane crashed into the U.S. cruiser Nashville, killing 133 persons, during World War II. Ten years ago — Atty. Gen. Herbert Brownell Jr. said he thought all persons suspected of Communist tendencies had been removed from government jobs.

Five years ago — the long-time leader of antiracket forces in the International Teamsters Brotherhood, Thomas Hickey, was ousted from his \$20,000-a-year job as union general organizer in New York.

penditure like any wealthy corporation.

Worried over the bad publicity, Dr. Michael Ramsey, archbishop of Canterbury, set up an inquiry committee headed by Sir Edwin Herbert, a prominent businessman. This body has proposed reforms.

Its main recommendation stresses the need for consultation on statements by the commissioners that might hurt the church's public image.

Because it is the state established church, Parliament has the final say on any major reforms.

HONEST VOTES LOST AT POLLS, JURY CHARGES

By THE ASSOCIATED PRESS

CARROLLTON, Mo. (AP) — Vote buying is widespread in Carroll County and respectable voters refuse to participate in elections, a county grand jury reported to Circuit Judge Arthur W. Rogers Wednesday.

The jury returned two indictments and in its interim report, told the court:

"Those who stoop to selling their votes have become cynical about our democratic processes. Some frankly announce they sell their votes to the highest bidder."

The jury added the practice was not "confined to buying votes of those in the lower-income bracket but has grown to include those for whom neither poverty or ignorance provides rationalization."

INDICT COUNCILMAN

One of the indictments was against Jack Mathis, Carrollton city councilman. He was charged with buying for \$5 the vote of Marvin Lentz in the April 2, 1963, city election. David Thomas, county prosecutor, said, "He was released on \$250 bond. The other person had not been arrested."

Mathis, a Republican, said: "I hardly know the man (Lentz). If we got any justice in our courts there is no doubt I'll be acquitted."

The grand jury said there was no evidence either major political party had a policy of buying votes. But it said the practice of vote buying "encourages the belief among the electorate that the honest desire of the majority cannot be realized at the polls."

Carroll County is in north-central Missouri, about 70 miles northeast of Kansas City.

James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — The important problem of age gets scant notice down through the generations as constitutional experts argue a question as old as the Constitution itself.

Who should succeed to the presidency if there is no president or vice president? Should it be a member of Congress? Should it be a member of the president's Cabinet, starting with the secretary of state?

You can do arithmetic which will show that over the past 30 years, on the average, the secretary of state was younger when he began his job than the speaker of the House or the Senate's president pro tempore.

Then you run into an old truism: It's not just a question of age but how good a man is at whatever his age happens to be.

ATTENTION TO AGE

Right now age is getting attention because under present law next in line behind President Johnson for the presidency, if he died, are two aging men: House Speaker John McCormack, D-Mass., and Carl Hayden, D-Ariz., the Senate's president pro tempore.

McCormack is almost 72; Hayden is 86.

Neither could be accurately described as a ball of fire. There were reports Wednesday that both might step down to let younger men be in line if anything happened to Johnson.

MCCORMACK BLOWS UP

But when a reporter asked McCormack about it, he stormed out, saying: "Is there no limit to decency?" He had previously said he favors the present arrangement which puts him next in line for the White House.

And in the Senate, Democratic Leader Mike Mansfield of Montana not only defended Hayden but practically called him a monument.

Under law for 94 years, from 1792 until 1886 this was the line

Under a change in the law and for 61 years, from 1886 until 1947, this was the succession: the members of the Cabinet, starting with secretary of state.

CHANGES IN '47
The law was changed again in 1947 and for the past 16 years this has been the succession: the speaker of the House, the Senate's president pro tempore, and then the Cabinet, starting with the secretary of state.

The average age of the Cabinet which Johnson took over from President Kennedy — in contrast to McCormack's 71 years and Hayden's 86—is 49 years. Secretary of State Dean Rusk is 54.

For the past 30 years the average age at which a secretary of state took office—there were eight secretaries in that time—was 58.

In that same 30-year period the average age of the House speakers when they became speaker—there have been six—was 64.

But the picture gets a little mixed when it is remembered that some men stay on and on in a job, getting older, but still highly capable.

\$527.81 FOR ELECTRICITY IN JUST ONE YEAR! "That's the big reason why we changed to GAS"

says the Ray Gellner family, Moundsville, West Virginia

MONTHLY ELECTRIC BILLS RANGE AS HIGH AS \$82.33! This was enough for the Gellners. They decided to change to gas heating and water heating for their 1,040 square foot home in Maxwell Acres.

HIGHEST COMBINED MONTHLY GAS AND ELECTRIC BILL ONLY \$42.88! Even after one of the coldest winters on record, the Gellners found that gas offered savings that made the change well worthwhile.

GAS HEAT MORE COMFORTABLE! "The house was so much more comfortable with gas heat," says Mr. Gellner. "When we were using electric heat the windows sweated, the doors warped and we even had frost on the basement walls."

GAS HEAT MORE DEPENDABLE! "On several occasions bad weather knocked out the electric transformer and we had no heat until repairs could be made," reports Mr. Gellner. "Now we appreciate how dependable gas heat really is."

GAS WATER HEATING FASTER! "With our electric water heater, I never seemed to have enough hot water for washdays," states Mrs. Gellner. "With gas, we never run out."

Gas heating can save you hundreds of dollars a year compared with electric heating. If you're now using gas, you're already enjoying this big savings. If you're among the few using electricity, it's worth your while to consider changing. Call your gas company today for complete information.

KHRUSHCHEV RETRENCHES
Economy Forced Split With China;
Mao's War Potential Already Reduced

By JIM DAN HILL, Ph.D.
President, Wisconsin State
College, Superior

THE RIFT between Russian and Chinese brands of Communism is most likely from economic necessity as much as it is from differences in philosophical dialectics. Admittedly the latter has attracted more attention.

The fact remains that the cracks in the monolithic philosophy of the Communist saints did not begin to appear until economic cracks were apparent within both China and Russia.

It raises the questions: Did Russia withdraw aids from China because of philosophical abstractions about Stalinism versus Khrushchevism or was it because hard times were looming ahead for Russia? Was there a decision that lavish aids to the parasitic communism of China could no longer be afforded?

There is the old and oft repeated charge that, while the Great Russian Famine approached, Stalin had hastened the starvation days for his own people by selling wheat to satellite nations, the purpose of which was to keep them behind the Iron Curtain in Europe. That is an error Khrushchev apparently has no intention of repeating to benefit the Chinese economy.

In famine times and with starvation stalking the high plateaus of Eurasia, Russian charity will begin at home. If people must starve, Khrushchev is exercising an option in favor of it being the Chinese.

To further protect the interests of his people, an objective for which one cannot criticize him, Khrushchev is quite willing to enrich further the capitalist, land owning, agricultural kulaks of Canada and the United States. He will even pay the brokerage rates of the venal, capitalistic middlemen, so long and often denounced by the philosophical saints of communism.

THAT KHRUSHCHEV is a clever negotiator in the world food marts cannot be denied. At first he gave the appearance of happily paying the prevailing prices — and with good, hard, yellow gold. The world market reacted to this chatter and to

the dangling prize of gigantic orders. It became more competitive.

Quite naturally, Khrushchev began dictating terms of his proposed purchases. The idea that American ship owners could make any money on his dealings was absurd. He would now like to buy on credit and hold on to his gold reserves in order to shop around for some capitalistic, chemical plants. He will buy them on credit also, if he can.

On Russia's credit rating since 1914, any public or private agency that sells anything to Russia without cash (or its full, fair equivalent) on the line, is inviting fraud and deserves to be cheated. It would be the better part of wisdom to hold the food surpluses. If and when famine in Russia is imminent, it would be better to donate food outright to the needy people of Russia, in the name of American charity and good will. An ultimate donation under the cloak of fraud and diplomatic duplicity, such as is will result from future credit defaults, can create nothing but massive ill-will both in the free West and behind the Iron Curtain.

MEANWHILE, America is deriving some indirect profit already from the rift between China and Russia.

All news reports from conventional listening posts, such as Hong Kong, indicate a growing deterioration in China's ability to wage offensive warfare. The guns, tanks, heavy transport, light missiles, and most particularly the jet aircraft, which Russia once lavished upon Red China, are becoming obsolete.

New equipment is not flowing in. Old stocks are being depleted. Spare parts for existing, operational airplanes are becoming scarce.

In 1962 China's air force, for example, was thought to have consisted of at least 2,500 front line, jet aircraft, all outright gifts from Russia. They included Mig-19s, Mig-17s and Mig-15s. Also in Chinese hangars were Il-28 bombers, Tu-2 piston engine light bombers, Il-14 and An-2 piston-engine transports and a few Mi-1 and Mi-4 helicopters.

Everything, air, ground and naval, is of Russian design. At Shenyang the Chinese were allowed to set up a factory for manufacturing, under Russian license, Mig-17s and An-2s. All other plane types are direct from Russia, though perhaps partially assembled in China.

The Chinese Navy of 25 Russian built, less-than-modern submarines, 200 PT-boats, and eight or nine, destroyer-type ships are, of course, becoming more and more obsolete. Today they are impotent in the face of America's Pacific forces afloat.

This deterioration of Chinese power to make war naturally eases tensions generally. Unfortunately, it does not simplify the problem in Viet Nam. Guerrilla warfare is basic and cheap. Its only ingredients are men, rifles, machine guns, rice, rivers and jungles. To screen her growing weaknesses elsewhere, China can, and most likely will, step up her guerrilla warfare support of all unrest in South-eastern Asia, and perhaps resume irritants against India.

MILLION IN JOBLESS PAY IS AWARDED

PHILADELPHIA (AP)—Pennsylvania's Superior Court has ruled that 6,300 steelworkers idled by two separate plant closings in western Pennsylvania are entitled to almost \$1 million in unemployment compensation.

The court Thursday upheld two decisions by the unemployment compensation board of review. One gave benefits of \$720,000 to 6,000 employees of U.S.

Steel Corp. idled in 1960. The other awarded \$204,000 to 300 employees of Jones & Laughlin Corp. who were idled in 1959.

Both steel companies had appealed the board's decision.

CLOSED BY STRIKE

Five plants of U.S. Steel were closed from Aug. 18 to Sept. 8, 1960 when the United Steel Workers Union called a strike against a company subsidiary, the Union Railroad.

Although all workers were represented by the union, only railroad employees went on strike. The others were idled when the plants were closed.

The Jones & Laughlin employees were laid off June 26 to permit repair work on electric motors in one of the company mills in the Pittsburgh works division.

"REGARDLESS OF STRIKE" While the motors were being

overhauled, a nationwide steel strike began on July 15 and ended Nov. 7. The 300 J&L workers were recalled Nov. 11.

In the U.S. Steel ruling, Judge Gerald F. Flood wrote that the 6,000 claimants were employees of U.S. Steel which was not directly concerned with the trouble at its subsidiary railroad.

Judge Harry M. Montgomery said in the Jones & Laughlin decision that "claimants' unemployment originally and continuously through the period of the strike was due to the fact that the facilities for the performance of their duties were not supplied by the company, and that this situation existed regardless of the strike."

The average American ate about 37 pounds of poultry (chicken and turkey) in 1962.
